*Resolved*, That the Committee be discharged from the further consideration of the subject.

Which was read.

On motion,

Council proceeded to the second reading and consideration of the resolution annexed to the report.

When the same was agreed to.

Mr. Christian, on leave given,

Presented a petition of citizens asking that Delaware Avenue, from High to Chestnut st., may be paved with cubical blocks of stone.

Which was read and referred to the Committee on Public Highways.

Mr. Poulson

Offered the following:

Whereas a bill is now before the Legislature of this Commonwealth, which provides that the expenses heretofore paid by the several incorporated districts within the County of Philadelphia, under the provisions of the act to establish a uniform system of Police for the City of Philadelphia and the Districts of Southwark, Moyamensing, Spring Garden, Penn Township, the Incorporated Northern Liberties and Kensington, shall be hereafter estimated and paid by the said several incorporated districts, according to the assessed value of the real and personal estate therein made taxable for corporation purposes.

And,

Whereas, the necessity of the establishment of said Police was caused by the frequency of riots in a portion of the County of Philadelphia, and was not required for the preservation of the peace of the City of Philadelphia, the latter having a Police establishment of its own amply adequate to the suppression of tumults and maintenance of order within its incorporated limits.

And,

Whereas, the Police forces established by the said act are paid by the City and Districts, by which they are appointed; the city, supplying *four* lieutenants and *fifty-five* policemen, and maintaining them at an annual expense of about twenty-five thousand dollars, and the districts within the county appointing seven lieutenants and one hundred and ten policemen, and maintaining them at an annual cost of forty-nine thousand, two hundred and fifty dollars; and the bill now before the Legislature will oblige the city to pay for fifty-nine lieutenants and policemen, the annual sum of about forty-nine thousand dollars, and the districts for one hundred and seventeen lieutenants and policemen, the annual sum of about twenty-five thousand dollars: that is to say, the city of Philadelphia, appointing less than one-third of the police, will be compelled to pay nearly two-thirds of the expense of the whole establishment, a result manifestly unjust to the city.

Therefore,

*Resolved*, That Councils do remonstrate against the passage of said bill, and respectfully urge the Legislature to refuse their assent to its being enacted into a law.

*Resolved*, That a copy of the foregoing preamble and resolution be certified by the Presidents of Councils, and forwarded forthwith to the speakers of the Senate and House of Representatives at Harrisburg, to be presented to the bodies over which they respectively preside.

Which was read.

On motion,

Council proceeded to the second reading and consideration of the same.

The first resolution was agreed to.

The second resolution was agreed to.

The preamble was agreed to.

Select Council concurred.

A message from Select Council,

Informed that they had passed the following, to wit :

*Resolved*, That the City Surveyor be, and he is hereby instructed to make the necessary survey to determine the wharf line without delay, on the river Schuylkill, agreeably to the Act of Assembly, passed at the last session.

Which was read twice and passed.

So Common Council concurred.

Another message,

Informed that Select Council had received a report from the Committee on Cleansing, and had passed a bill annexed, entitled "An Ordinance making a temporary appropriation to the Committee on Cleansing."

Which was read.

On motion,

Council proceeded to the second reading and consideration of the bill annexed to the report.

The first and only section was agreed to.

The title was agreed to.

And the bill ordered to be prepared for a third reading.

It was then by special order, read a third time and passed.

So Common Council concurred.

Mr. Fisher,

Moved that Council proceed to the election of a Manager of the Wills' Hospital, in the place of, and for the unexpired time of Benneville Browne, resigned.

Which was agreed to.

Messrs. Fisher and Watt were appointed tellers, who, having collected and counted the votes, reported that 18 votes had been received, of which,

Dr. George Fox had 16.

A. S. Roberts had 1.

George Vaux had 1.

Whereupon, Dr. George Fox was declared duly elected a manager of the Wills' Hospital, in the place of Benneville Browne, resigned.

Mr. Yarrow,

Offered the following :

*Resolved*, That the Presidents of Councils be instructed to memorialize the Senate and House of Representatives against all the schemes now before those bodies, for tapping the main line of improvements at or near Harrisburg, and diverting the trade and travel of the west, to other cities, to the great injury of the trade of Philadelphia, and the revenues of the Commonwealth.

Which was read twice and passed.

Select Council concurred.

A message from Select Council,

Informed that they had received a report from the Joint Special Committee, to whom was referred the application of the Trustees of the Gas Works, and had ordered the same to be printed.

Which was read.

And, on motion of Mr. Wickersham,  
Common Council concurred.

And, on motion of Mr. Mentz,

It was ordered that Select Council be informed that Common Council is ready to receive them in their Chamber, for the purpose of electing in convention, 18 School Directors, to serve for three years, and one to fill the vacancy occasioned by the resignation of Samuel A. Allibone. Also to nominate to the Marshal of Police, persons from whom to select two policemen to fill the vacancies occasioned by the dismissals reported this evening.

After a short time the President, Clerk, and members of Select Council entered.

Councils being assembled in Convention,

The President announced the object thereof.

And it was ordered,

That the Convention do proceed to the election of 19 Directors of the Public Schools, the one elected by the smallest vote, to be declared elected to fill the vacancy.

Mr. Waterman of the Select, and Mr. Scott of the Common Council, were appointed tellers.

Who, having collected and counted the votes, reported that 31 votes had been received, of which,

Thomas Miller	had	31

On motion,

It was ordered that the names nominated this evening, together with such as remain of the former lists, be transmitted to the Marshal of Police.

The Convention was then dissolved, and Select Council retired.

Mr. Griscom,

Offered the following Preamble and Resolution.

Whereas, it is the sense of these Councils that the passage of the bill now before the Legislature of this State, No. 252, Senate File, entitled, "A Supplement to an Act regulating

the municipal and other elections in the city of Philadelphia, and to establish a uniform system of Police for the city of Philadelphia, and the districts of Southwark, Moyamensing, Spring Garden, Penn Township, the Unincorporated Northern Liberties and Kensington, passed the third day of May, one thousand, eight hundred and fifty," would be greatly injurious and unjust to the city of Philadelphia,—Therefore, be it

*Resolved*, That the whole subject be referred to the Committee on Police, with power to act, and that said Committee be, and are hereby authorized and directed to take all such action and measures in the premises, as they shall deem proper, to prevent the passing of the said bill into a law.

Which was read twice and passed.

Mr. Poulson,

Moved that when this Council adjourns, it adjourn to meet on Thursday evening next.

Which was agreed to.

Adjourned.

THURSDAY, April 3d, 1851.

Council met.—Present,

Messrs. ABBEY,  
AGNEW,  
CHRISTIAN,  
COPELAND,  
FARQUHAR,  
FISHER,  
GRISCOM,  
HANSELL,  
HARKER,  
HINMAN,

Messrs. MENTZ,  
ORNE,  
POULSON,  
ROBERTS,  
SCOTT,  
THOMAS,  
WATT,  
WICKERSHAM,  
YARROW,  
SNOWDEN, Pres't.

Mr. Scott,

Presented a petition of Citizens asking Councils to instruct the Representatives of the city in the Legislature of the State, to oppose the granting the right to make a railroad from Erie to the Ohio State line, to the "Franklin Canal Company" or the "Pittsburgh and Erie Railroad Company."

Which was read.

Mr. Roberts,

Offered the following :

Whereas it is understood that remonstrances have been forwarded by parties in this City to the State Senators and Representatives against the passage of a bill relative to the Franklin Canal Company and the Pittsburgh and Erie Railroad Company, under the belief that said Bill was adverse to the interests of the State of Pennsylvania and particularly of the City of Philadelphia, and the said Bill being, as these

Councils believe, of an exactly opposite tendency, inasmuch as it prohibits the construction of any lateral branches by the Pittsburg and Erie Rail Road Company until the greater portion of the main line of that work shall be completed, and also prohibiting the construction of any portion of Road unconnected with that provided for by the Charter of the Franklin Canal Company, until the provisions of its Charter shall first be complied with, by constructing a Rail Road from the north end of the Franklin Canal to a point that they may consider expedient and advantageous on Lake Erie.

And whereas, the construction of the Lake shore Rail Road, now contracted for by the said Franklin Canal Company from the town of Erie to the State Line dividing Pennsylvania and Ohio, would form a connecting link between the Cleveland and State Line Rail Road in Ohio, and by the Erie and North East Rail Road with the New York and Erie Rail Road, thus forming a continuous route from one of the principal harbors on the Lake (Cleveland) to the city of New York, thereby diverting the channel of trade from our own State and our own immediate interests as Citizens and Representatives of the City of Philadelphia,

Therefore, be it resolved,

That the citizens of Philadelphia, in Select and Common Councils assembled, do hereby request the Presidents of the Select and Common Councils to ask the Representatives of the City of Philadelphia in the Legislature of the State of Pennsylvania, to use all honorable means for the passage of said Bill, and thereby frustrate the attempt to take from us the trade of the great lakes, which has manifestly been intended by Nature to have its outlet in our own city.

*Resolved*, That a copy of this Preamble and Resolutions be sent to our Senators and Representatives as aforesaid.

Which was read.

Mr. Thomas,

Offered the following:

*Resolved*, That the whole subject be referred to a joint special Committee of four members of each council, with instructions to take immediate action in relation to the same, by memorializing the Legislature against the passage of the Act referred to, if in their opinion it is deemed expedient to do so.

Which was read twice and passed.

*Resolved,* That the Committee on City Property be authorized to inquire into the expediency of preparing and opening Lemon Hill for a Public Park, and that the authorities of the several districts of the county be requested to unite in a purchase of the like number of acres adjacent thereto, for the furtherance of said object.

Which was read and laid on the table.

Another message,

Informed that Select Council had passed the following preamble and resolutions, to wit :

THE spot on which the Congress of the American Colonies declared their Independence, should be dear to the whole nation to which that act gave birth. It is hallowed, not only by the heroism of the men, who, in the name of a small and scattered people, renounced the rule of a powerful king, but by the first formal promulgation of the principles of Political Liberty, which are the inheritance of our own great Republic, and the guide and hope of the friends of man throughout the world.

Viewed with this reference, the Hall of the Old State House of the Colony of Pennsylvania, may take precedence in interest of every other edifice, ancient or modern. In it assembled the Apostles of Political Freedom. In it, calling God to witness the truth of their cause, they pledged their lives to that Revelation of Right, from the progress of which, within the brief period of a human life, we are assured, that

in due time it will embrace the convictions, and secure the happiness of the whole family of mankind.

It is assumed, therefore, that the Thirteen States of 1776, feel a common and special pride in the alliance of their names with the Declaration of Independence,—with the wisdom which conceived it—the valor which resolved it—the fortitude which sustained it—the glory which still confirms it, and that they will unite in further consecrating the place of its adoption by memorials worthy of the act and of its authors.

Entertaining these views, be it, and it is hereby Resolved by the Select and Common Councils of the City of Philadelphia :

*First.*—That it is expedient to have erected in the Grove belonging to the Hall in which the National Independence was declared, one or more Monuments, commemorative respectively, of the States and of the men, *parties* to that glorious event.

*Secondly.*—That in order to accomplish this patriotic design, the Presidents of the Select and Common Councils are hereby directed to furnish a copy of these proceedings to, and memorialize the Legislatures of the States of Massachusetts, New Hampshire, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina and Georgia, suggesting to those legislatures to appoint, each, two delegates to a Convention, to assemble in Independence Hall on the 4th day of July, 1852, as the guests of the City of Philadelphia, there to deliberate upon a plan of carrying into effect this proposition, in a manner becoming the means of their constituents, and the memories of the illustrious dead.

*Thirdly.*—That in the event of this proposition having a favorable response from the States addressed, the Select and Common Councils of the City of Philadelphia, in the name of the Citizens, are pledged to hold the grounds of Independence Hall, free from all encroachments upon the monuments

therein to be erected, and to guard the same, equally with the Hall itself, as a sacred and National Trust, forever.

Which was read.

On motion,

Council proceeded to the second reading of the same,

And being under consideration,

Mr. Thomas

Moved that the further consideration of the same be postponed, and that they be printed for the use of members.

On agreeing to which, the Yeas and Nays were required, and were as follows :

YEAS.—Messrs. Agnew, Copeland, Griscom, Harker, Hinman, Mentz, Orne, Poulson, Roberts, Scott, Thomas, Watt, Wickersham, Yarrow, Snowden, Pres't.—15.

NAYS.—Messrs. Abbey, Farquhar, Fisher, Hansell, Yeager.—5.

When the same was agreed to.

Mr. Fisher

Offered the following :

*Resolved*, That the City Treasurer be authorized to receive from the executors of the last Will and Testament of Dr. Peter Antoine Blenon, deceased, the dividend from said estate, for the use of the Wills' Hospital Fund ; and that the Committee on Legacies and Trusts be instructed to invest the same in the loan of the City of Philadelphia.

Which was read twice and passed.

Select Council concurred.

The President

Laid before Council the following communication from the Mayor, to wit :

Mayor's Office, October 9th, 1851.

To THOMAS SNOWDEN, Esq.,

President Common Council.

Sir,

It being known to yourself and to your honorable colleagues, that the illustrious Kossuth is expected to land on our shores very shortly, in one of our national vessels provided for the use of himself and his companions in exile ; and arrangements having been made elsewhere to receive and welcome him on his landing ; I would respectfully suggest to Councils the propriety of taking some preliminary step, which will give our fellow citizens an opportunity to join with the Corporate authorities in some appropriate ex-

pression of public sentiment on the arrival of this distinguished stranger.

I have the honor to be

Your obedient servant,

CHARLES GILPIN,

*Mayor.*

Which was read.

Mr. Farquhar

Offered the following,

*Whereas*, By the communication from his Honor, the Mayor of the City, we are informed of the expected arrival in this country, of Louis Kossuth, the Hungarian Patriot; and being desirous, in common with our fellow citizens, that becoming honors should be tendered to one so eminently worthy of the sympathies of the American people.

*And whereas*, the meeting this evening closes the official duties of the present Councils: therefore

*Resolved*, that Councils recommend to their successors to take measures immediately upon their organization, to co-operate with their fellow-citizens in tendering to Louis Kossuth the hospitalities of the city.

Which was read twice and passed.

Mr. Griscom

When the same was agreed to.

So Common Council concurred.

### Another Message

Informed that Select Council had received a further report from the Committee on City Property, with a resolution annexed, to wit :

*Resolved*, That upon the payment to the City Treasurer of the sum of nine hundred and thirty-three dollars and thirty-four cents, and all arrearages of the ground rent hereafter mentioned, the Mayor be, and he is hereby authorized, on behalf of and in the name of the Mayor, Aldermen and Citizens of Philadelphia, by proper assurances, to release, discharge and extinguish unto Jacob Fitting, his heirs and assigns, all that certain reserved yearly ground rent or sum of fifty-six dollars, chargeable half-yearly, issuing and payable by William L. Ward, his heirs and assigns, on the first day of the months of April and October, in each and every year, out of and for all that certain lot or piece of ground situate on the south side of Lombard street, at the distance of one hundred and forty-two feet eastward from the east side of Eleventh street, in the City of Philadelphia, containing in front or breath on the said Lombard street sixteen feet, and extending in length or depth southward seventy feet to a twenty feet wide street extending from Tenth street to Eleventh street. Bounded northward by the said Lombard street, southward by the said twenty feet wide street, eastward by ground granted to William L. Ward on ground rent, and westward by ground granted to John McKee on ground rent: being the same premises which the Mayor, Aldermen and Citizens of Philadelphia, by indenture, bearing date the sixth day of June, 1850, did grant and convey to William L.

Ward, his heirs and assigns, reserving thereout the aforesaid yearly ground rent, and which the said William L. Ward and wife, by indenture bearing date the fifth day of March, 1851, granted and conveyed to Jacob Fitting, his heirs and assigns, subject to the said ground rent.

Which was read.

On motion,

Council proceeded to the second reading and consideration of the resolution annexed to the report.

When the same was agreed to.

So Common Council concurred.

Another message

Informed that Select Council had concurred in the preamble and resolution relative to Louis Kossuth, with an amendment, to wit :

Strike out all after the words, "And whereas," in the sixth line, and insert the following :

Therefore, *Resolved*, That the Select and Common Councils of the City of Philadelphia, do extend a cordial welcome to Louis Kossuth, and tender him the hospitalities of the City.

Which was read.

And on motion,

Common Council concurred in the amendment of Select Council.

On motion of Mr. Griscom

It was ordered that Select Council be informed that Common Council is ready to receive them in their Chamber, for the purpose of nominating to the Marshal of Police persons from whom to select a policeman to supply the vacancy reported this evening.

After a short time, the President, Clerk and Members of Select Council entered.

Councils being assembled in Convention,

The President announced the object thereof, and

On motion, it was

*Ordered*, That the Convention do proceed to the nomination of persons to be returned to the Marshal, from whom to select a policeman to fill the vacancy reported this evening.

The following nominations were then made, to wit :

*Committee on Police.*

**An Ordinance**

Providing for the nomination of Policemen, to the Marshal of Police, and for the election of four Lieutenants of Police in accordance with the Act of Assembly.

Whereas, the Board of Police, constituted by virtue of an Act of the general Assembly, approved the 3d day of May, 1850, entitled "An Act regulating the Municipal and other elections, in the City of Philadelphia, and to establish an uniform system of Police for the City of Philadelphia, and the districts of Southwark, Moyamensing, Spring Garden, Penn Township, the Incorporated Northern Liberties, and Kensington," and the supplement thereto, approved the 15th day of May, 1850, has determined that the number of Policemen to be appointed for the City of Philadelphia, for the purposes mentioned in the said Act, shall be fifty-five; and, whereas, it is provided by the act as aforesaid, that it shall be the duty of the Select and Common Councils to nominate to the Marshal of Police at least three times the number of Policemen to be appointed for the said City,—Therefore in order to provide

for the nomination of said Policemen, and to carry into effect other duties enjoined on Councils by the said Act:

SECT. 1. *Be it ordained and enacted by the Citizens of Philadelphia in Select and Common Councils assembled,* That at the first stated meeting in November, and annually thereafter, the Select and Common Councils shall and will nominate in joint meeting to the Marshal of Police for the Philadelphia Police District, at least one hundred and sixty-five persons, from whom to appoint fifty-five Policemen; and whenever any vacancy may occur in the number of Policemen so appointed, said Councils, immediately on being informed thereof by said Marshal, shall and will, in joint meeting, nominate to said Marshal at least three persons for every such vacancy, from whom to appoint a Policeman for the unexpired term of the person in whose place he may be appointed; the pay of said Policeman shall be four hundred dollars per annum, payable monthly.

SECT. 2. *Be it ordained and enacted by the Citizens of Philadelphia in Select and Common Councils assembled,* That at the first stated meeting in November, and annually thereafter, and whenever a vacancy may occur, the Select and Common Councils in Convention shall elect *viva voce* a Lieutenant of Police for each of the four sub-districts, into which the city of Philadelphia is divided, by the Act of Assembly beforementioned. Said Lieutenants of Police shall hold their respective offices for one year, unless sooner removed by the Marshal for the causes specified in said act; and shall receive a compensation of two dollars per day, payable monthly.

**An Ordinance**

To provide for the paving of footways in front of lots not built upon.

SEC. 1. *Be it ordained and enacted by the Citizens of Philadelphia in Select and Common Councils assembled,* That it shall be the duty of every owner of ground not actually built upon, opposite to any stone pavement heretofore made, or hereafter to be made, to pave with brick or stone, the footway in front of such ground, of the breadth of eight feet from the curb-stone, and to grade the residue of such footway from said pavement to the line of the street, and cover the same with gravel, or other hard substance.

SEC. 2. That if the owner of any such ground shall, after ten days notice from the City Commissioners, neglect or refuse to pave and grade the footway as aforesaid, it shall be the

duty of the said Commissioners so to pave and grade the same, and file a lien for the cost and expense thereof, against such lot of ground, in the manner set forth and provided by existing laws.

*Resolved*, That the City Commissioners be directed to notify the owners of ground bordering thereon, to pave and curb the certain private street between George and Chestnut street, and extending westward from Schuylkill 3d street.

The Committee on Police,

To whom was referred on 7th Nov., by Select Councils, a petition of John G. Fox, a night Policeman, asking for compensation for time lost, occasioned by a wound received from the accidental discharge of a pistol, on the 18th day of June last,

### REPORT,

That, from the information furnished, they find that Mr. Fox was at the time of the accident returning from special duty in the county of Philadelphia, acting under a call of the Sheriff.

Your Committee therefore deem it inexpedient to take any action on the subject, believing the County board to be the body to whom the application should be made.

The Committee submit a resolution annexed, asking to be discharged.

## APPENDIX No. XIII.

*To the Select and Common Councils :*

The Committee on Public Highways,

Respectfully report that during the past year they have had referred to them sundry petitions, asking for the paving of certain streets with cubical blocks of stone; your committee have had the same under consideration, and fully agreeing with the views of the petitioners, in the advantages of such pavements, they deem this the proper time for action to enable them to contract for the material on the most advantageous terms.

Mr. Kneass, City Surveyor, who recently visited the city of Boston, has furnished the committee with information obtained there, relative to the price of cubical blocks, that is herewith submitted for the information of Councils.

The committee annex a resolution asking authority to invite proposals, and to contract for sufficient quantity of stone to pave three squares during the ensuing year, and recommend its passage.

THOMAS ROBINS,  
SAM'L. COPELAND,  
W. WATT,

*Philad. Dec 13, 1850.*

*Resolved,* That the City Commissioners, under the direction of the Committee on Public Highways, be authorized and directed to contract for a sufficient quantity of cubical blocks of stone, to pave three squares during the ensuing season. Said stone to be laid in such streets as Councils may hereafter determine.

Extract from a report of S. H. Kneass, City Surveyor, made to the Committee on Public Highways, Dec. 11th, 1850.

The undersigned, during his recent visit to Boston, with a view to the examination of the draining and sewerage of that city, ascertained some facts with regard to paving materials, that he deems of sufficient interest to lay before your body.

He finds that cubical blocks of granite, such as those now getting into use for the paving of our principal streets, can

be supplied at less cost than the city has been accustomed to purchase them at; especially if contracts be entered into in due season. Propositions were made to him to supply granite blocks of the proper dimensions, at \$1 93 per superficial yard, being 49 cents below the rates heretofore paid for a similar article. The blocks to be delivered on any wharf within the limits of the city. To effect this reduction in price, it is material that the contract should be made sufficiently early to allow the quarries the advantage of winter operations. Should any paving of this character be contemplated for the ensuing season, the public interest would be advanced by calling for proposals for the supply of materials at as early a day as possible.

I am also able to say, that if proposals were issued for a supply of any definite quantities running through a period of several years, that the price would be still further reduced.

What conclusions Councils have formed with regard to the more extended use of granite blocks for street paving, I have no means of ascertaining, nor indeed is it within my province to inquire. These facts and suggestions are merely thrown out as occurring to me in the prosecution of the inquiries necessarily connected with the special mission entrusted to my charge.

##### *The Committee on Public Highways,*

To whom was referred by Councils a resolution passed by the Board of Wardens of the Port, "calling the attention of Councils to the necessity for an early completion of the survey of the river Schuylkill,

Report, that upon inquiry on the subject, they find that said survey is being made under an Act of the Legislature, authorizing the surveyor of the city, and the surveyors of the districts of Spring Garden and Moyamensing, and of the township of Blockley, to make a survey of said river, to be approved of by the Wardens of the Port, and the expense paid by the Commissioners of the county.

Your Committee consider that Councils have no authority relative to the subject, and ask to be discharged from the further consideration of the same, and annex a resolution to that effect.

*To the Select and Common Councils :*

The Committee on Public Highways,

Report the annexed estimate of the amount of money required for the public service in the department under their charge for the year 1851, amounting to \$105,500.

Your Committee in a former report submitted a list of the unpaved streets of the city, and an estimate of the cost of paving the same.

After due consideration they have deemed it expedient to recommend the paving of them during the ensuing year, and have accordingly provided for them in the estimate herewith submitted, and ask that it may receive the sanction of Councils.

The large number of new buildings erected in the western part of the city during the past year, together with the completion of the railroad connections in that section, induces your Committee to believe that the corporation will but de

justice to the owners of real estate who for many years have been paying taxes on lots that could be advantageously improved if the streets had been paved; and that the increased expenditure will be speedily repaid by the additional value of the taxable property.

### TO THE COMMITTEE ON POLICE.

GENTLEMEN:—The kind reception you gave last year to the “Statistical Memoranda of some of the affairs of the Committee on Police,” has encouraged the preparation of a second series of documents, of similar character, which I have the honor herewith to present to you. They contain such additional matter as experience has suggested would be interesting, and further illustrative of this branch of the public service. And I may truly add, the whole is, of your careful and successful agency in disbursing the means appropriated to the use of the Committee for the year 1850.

With great respect, your obedient servant,

CHAS. A. POULSON,

Committee Room, }

*Philadelphia, Dec. 19th, 1850.*

*Resolved*, That the thanks of the Select and Common Councils of the City of Philadelphia be, and they are hereby tendered to the Authorities of the City of Paris through M. Vattemare, for the valuable works presented to the City through him.

*Resolved*, That the Chairman of the Committee on the Library be instructed to transmit a copy of the foregoing resolutions to M. Vattemare.

*Resolved*, That the Committee on the Library be instructed to have placed in the Loganian Library the various works received through M. Vattemare, to remain there for the use of the public until otherwise ordered.

*Resolved*, That the Committee on the Library be authorized to have the books suitably bound, before depositing them with the Loganian Library.

*Philadelphia, Nov. 21st, 1850.*

*Morris S. Wickersham, Esq., Chairman of the Committee on the Library of the Common Council.*

SIR,—In addition to the works relative to Science, Arts, City Administrations, &c., already presented in 1848 and 1849 to the City of Philadelphia in the name of the Corporation of the City of Paris, the Ministers of the Interior and Public Instruction, I have the honor of sending you the following:

Monuments of Nineveh, by Botta, large Folio, from No. 1 to 87, inclusive.

Monumental Statistics of Paris, exhibiting all the monuments from the time of Julius Cæsar, Nos. 20 to 25 inclusive in continuation.

Both the above presented by the Ministers of Public Instruction and Interior of France as a token of long cherished fraternal feelings of the citizens of France towards the citizens of Philadelphia and the United States. These, Mr. President, being such a token, I trust you will take care that they may be placed in such an institution or other public place as may render them most easily accessible to the citizens generally; and that the City of Philadelphia will cheerfully follow the example of the Cities of Boston, New York, and others, by having a free Library. In your case fortunately the nucleus exists of such a Library in the Loganian Library in Fifth street, where I would suggest that they might very suitably be deposited.

If the feelings which prompt this gift are reciprocated by your honorable body and the Citizens of Philadelphia, this token will only be a harbinger of others still more valuable. In reference to anything which it may be desired to send to France to be deposited in the American Library of the City of Paris, I have the honor of referring you to my farewell address and other documents handed to you this morning, and to the conversations on the subject had with you and with Mr. Lloyd P. Smith of the Philadelphia Library, in whose charge I have placed the works mentioned above.

I have the honor to be, sir,

Very respectfully yours,

ALEXANDER VATTEMARE.

*Philadelphia, Dec. 30th, 1850.*

DEAR SIR,—I take the liberty of addressing a note to you, as Chairman of the Committee of Councils on the Library, in regard to the disposition of the books presented to the City by M. Vattermare; the last instalment of which he forwarded through me with a note to yourself, expressing his views of the propriety of depositing them in the Loganian Library. This latter disposition of them he mentioned verbally to me he would have made of them himself, if he had not been restricted by the French Government to National, State and Municipal bodies. The consideration which weighed with him in this preference of the Loganian Library over any

other place of deposit, was the liberal provisions of its foundation, which I will explain to your honorable Committee in a few words.

The Loganian Library, under the same roof as the Philadelphia Library, but a separate Trust, owes its foundation to the Hon. James Logan, the confidential friend and counsellor of William Penn, and for some time President of the Council of the Province of Pennsylvania. Its foundation consists of a portion of his own valuable private library which has been added to by the liberality and public spirit of other Philadelphians, particularly William Logan, son of the founder, and William Mackensie. The collection now amounts to about 10,000 volumes, principally in the learned and existing languages of Europe. It is endowed by its founder in trust forever for the use of the Citizens of Philadelphia and others as a *Free Library*, and is open every day from 10 A. M. till sundown, for consultation and the gratuitous loan of books (the return of the latter secured by a money deposit, of double the value of the book lent, by the borrower). The Legislature of Pennsylvania passed an Act in 1792 vesting the trust in the Directors of the Philadelphia Library and three descendants of the founder.

We should be happy to have your Honorable Committee pay a visit to this Institution and examine its arrangements for yourselves.

Very respectfully, your obedient servant,

JNO. JAY SMITH, *Librarian.*

Pr. LLOYD P. SMITH.

## APPENDIX No. XXVI.

*To the Select and Common Councils:*

In compliance with the Ordinance of October 1st, 1835, The Committee on Legacies and Trusts submit the following Estimate of Money, required in their Department for 1851.

To the Committee on Legacies and Trusts :

For the Fire Department, 20 Companies @

\$300 each,	-	-	-	-	\$6000 00
The Board of Engineers,	-	-	-	-	200 00
Incidentals in carrying out the various trusts under their charge, and Taxes on the Boudinot Lands	-	-	-	-	300 00

The Boudinot Lands should, in the opinion of the Committee, be visited the ensuing season, so that the Committee may report to Councils as to the expediency of selling the whole or a portion thereof ; or should Councils so elect, the Leasing of the lands may be deemed advisable.

In either case, however, it would be difficult to arrive at a proper conclusion without a personal inspection.

The sum asked for to carry out this purpose is \$200 00

The Committee respectfully ask an appropriation of six thousand seven hundred dollars, as is detailed above.

APPENDIX No. XXVII.

**An Ordinance**

Providing for a subscription of one million five hundred thousand dollars to the capital stock of the Pennsylvania Railroad Company.

Whereas the early completion of a continuous line of railroad without inclined planes from Philadelphia to the Ohio River and the Lakes, is indispensably necessary to protect and extend the inland trade of Philadelphia, and whereas the mountain divisions of the Pennsylvania Railroad is the only link now wanting to perfect the chain, and whereas, its immediate construction can be secured by the cordial and energetic co-operation of the corporate authorities of the City and County of Philadelphia with the other parties in interest; therefore,

SECTION 1st. *Be it ordained and enacted by the citizens of Philadelphia, in Select and Common Councils assembled,* That the Mayor of the City be, and he is hereby authorized and required, to subscribe in the name of the Mayor, Aldermen and Citizens of Philadelphia, for thirty thousand shares in the capital stock of The Pennsylvania Railroad Company whenever the like amount of thirty thousand shares shall have been subscribed by others, in conformity with the provisions of the charter of said Railroad Company.

SECTION 2d. *And be it further ordained and enacted by the authority aforesaid,* That to provide for the payment of the respective instalments on said shares of stock, as the same may become due and payable, according to the provisions of the act incorporating the said Railroad Company, the Mayor shall be, and he is hereby authorized from time to time to raise by loan, on the best terms he can obtain, and at a rate of interest not exceeding six per centum per annum, payable half-yearly on the first days of January and July, such sum or sums

as may be necessary for the purposes aforesaid, not in the whole exceeding one million, five hundred thousand dollars, for which certificates shall be issued in the usual form by the City Treasurer under the direction of the Committee of Finance, in such sums as may be convenient to the lenders, not, however, for any fractional part of one hundred dollars; the said loan to be redeemable, two hundred and fifty thousand dollars on the first day of July, one thousand eight hundred and eighty-six, and two hundred and fifty thousand dollars on the first day of July in the years 1887, 1888, 1889, 1890, and 1891, and not before, without the consent of the holders of said certificates; which shall be transferable in like manner with other certificates of City debt; and any premium which may be obtained on said loan shall be placed to the credit of the Sinking Fund.

## APPENDIX No. XXX.

*To the Select and Common Councils of the City of Phila.:—*

The Board of Managers of the Wills Hospital for the indigent lame and blind, in presenting their Sixteenth Annual Report, can again express their satisfaction with the increased usefulness of the Institution under their care.

The expenses of the past year amounted to four thousand, eight hundred and eight dollars and sixty-eight cents, which were paid by orders drawn on the Committee of Legacies and Trusts, for the following purposes, viz :

House expenses,	.	.	\$2,438	94	
Salaries and wages,	.	.	1,291	27	
Medical department,	.	.	428	08	
Repairs to Real Estate,	.	.	650	39	
				<hr/>	\$4808 68

The number of patients admitted during the year, including	
29 who were in the house at the close of the previous	
year, was	226

The number discharged during the same period was	186

The usual variety of surgical operations on the eye has been successfully performed, and a considerable number of medical students have, as heretofore, partaken of the advantages which the Wards of the Hospital afford, for observing the different forms of disease, to which this delicate organ is subject.

In former reports, the Managers have referred to the fact, that a want of more extended accommodations has prevented the diffusion of the benefits of the Infirmary to the required extent.

By the report of the Resident Physician, it appears that 437 *out door patients* have been gratuitously furnished with advice and medicines from the Institution. In 1849, there were 348 of this class of patients, being an increase of 91 during the year just closed. Many of these would have gladly availed themselves of the advantages of the Infirmary *within doors*, which in some instances would have facilitated their recovery, but were denied admission in consequence of our limited accommodations. When it is remembered that a large portion of the lot on which the Hospital stands is unappropriated, and that the city is rapidly extending around it, the Managers cherish the hope that the time is near at hand, when the liberal bequest of the donor will enable them more fully to carry out his benevolent intentions with regard to this afflicted class of our community.

Since the last Annual Report, the Steward who has so long and faithfully served the Institution has resigned, and Chas. Oat and his wife Anna P. Oat have been elected to the responsible situation of Steward and Matron.

The inmates of the house have been favored with remarkable health, and no death has occurred among them during the past year.

The obligations of the Board are due to the Physicians and Surgeons, who continue their gratuitous services to the Infirmary.

Signed on behalf of the Board,

JNO. RODMAN PAUL, *President.*

*To the Select and Common Councils :*

The Committee on Public Highways report that they have had referred to them the subject of the alteration of the numbering of the houses in Sansom Street between Seventh and Eighth Streets: petitions in favor of and remonstrances against the same having been presented to Councils.

The Committee are of opinion that unless the owners or occupiers of houses consent to any particular mode of numbering them, no act of Councils would produce that result. Councils may by Ordinance ordain that certain houses may be numbered in a certain manner; but the authority to compel the owners so to number them is well questioned.

In the case in hand, the remonstrance of a number of citizens against any change in the present numbers, is evident enough that no new numbering will be made voluntarily.—They therefore report against the change applied for; and ask to be discharged from the further consideration of the subject.

## A Supplement

To an Ordinance passed the 24th day of November, 1842, entitled "An Ordinance to provide for the collection of tolls on the Railroad in Broad, High, Third, and Dock streets, and to regulate the travel thereon."

SEC. 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the same rate of toll shall be charged for the use of the railroad in High street west of Broad, as is by the Ordinance, to which this is a supplement, charged for the use of the railroads therein mentioned; except that in the computation of tolls, the railroad on the bridge over the river Schuylkill at High street, shall be considered as one mile; and the provisions in the said Ordinance contained, in relation to the duties of the owner or owners, agent or agents of cars travelling on the railroads therein mentioned, shall be applied to the railroad herein mentioned: *provided*, that the owners of cars and merchandise may contract for the use of said road.

SEC. 2. *And be it further ordained and enacted by the authority aforesaid,* That no car shall be permitted to pass on said railroad, over said bridge, without a permit from the Superintendent of the railroad, which permit the said Superintendent is hereby required to deliver to the person having charge of such car, whenever the toll for the use of said road by such car, shall have been paid.

SEC. 3. *And be it further ordained and enacted by the authority aforesaid,* That if any car shall pass over said bridge without such permit, the owner or owners, agent, or agents, or person having charge thereof, shall forfeit and pay the sum of five dollars: and if passage over the said bridge is refused for want of said permit, then if the said car shall hinder or obstruct the passage of other cars over the said bridge, or on the said railroad in High street west of Broad, the owner or owners, agent or agents, or person having charge of such car, shall forfeit and pay the sum of five dollars: the said penalties to be sued for and recovered in the manner that penalties for violation of Ordinances are by law sued for and recoverable.

## APPENDIX No. XXXIV.

*To the Select and Common Councils :*

The Committee on Police, who have been instructed as follows, viz:—"Resolved, that the Committee on Police be requested to inquire into the expediency of repealing such portions of any existing Ordinances that authorize the owners or drivers of Hackney coaches, cabs, &c., to charge more than twenty-five cents for conveying a passenger from any one place to another within the city limits"—

## Respectfully Report :—

That upon due examination it appears from existing Ordinances, that the regulation to which their attention has been called, has been sufficiently secured, as far as convenience and justice to the parties concerned requires—and the charge sought to be changed is only made in cases of the employment of such vehicles by *one* passenger.

An Ordinance passed on the 24th of January 1828, (Digest, p. 34,) provides that the charge for the conveyance of one passenger *any where within the limits of the city* shall be fifty cents, and twenty-five cents for each additional passenger. Again, it provides that the charge for the conveyance of *one* passenger within the limits prescribed, say from the centre of Broad street to the river Delaware and between Vine and South street, and in the Western portion of the city from the centre of Broad street, shall be *twenty-five* cents.

It does not therefore appear to your Committee expedient at present, to disturb existing regulations, feeling satisfied that in most cases where extortion and inconvenience have been suffered, these may rather be attributed to a want of vigilance on the part of the police in requiring the provisions of the 4th section of said Ordinance to be strictly enforced, than to a want of further legislation by Councils. The section referred to requires that there shall be fixed up in each hackney coach or carriage, in such a manner as can be conveniently read by any person within the same, a card or

paper containing the number of the license, the name and residence of the owner," &c.

Your Committee further beg to suggest the adoption of the resolution annexed.

## **An Ordinance**

To Provide for the Regulation of Turn-outs from the Railroads in the City of Philadelphia.

SECTION 1. *Be it ordained and enacted by the citizens of Philadelphia in Select and Common Councils assembled*, That the Committee on Public Highways be and they are hereby authorized to grant permission to individuals or companies to attach turn-outs to the railroads in the City of

Philadelphia, belonging to the Corporation thereof: but no such permission shall be granted unless such turn-out shall lead into premises owned or occupied by such persons or companies: and no such permission shall be granted except upon the payment of the sum of ten dollars by the applicant therefor.

SEC. 2. The turn-outs to be constructed by virtue of the said permission, shall be of the following character and description and no other, namely: the switches thereof shall point in the direction of the travel of the track of the railroad on which they may be laid; the stone for the switches shall be at least two feet and six inches in width, and shall extend in length at least one foot beyond each end of the casting and at least one foot in thickness; the frog-stones shall be at least six inches wider than the widest part of, and one foot longer at each end than the casting, and at least one foot in thickness: all the other parts of the turn-out shall be laid upon good and sound white oak or yellow pine stringers at least eight and a half inches thick, hewn out to the curve of the turn-out; the stringers shall be properly secured to white oak or yellow pine sub-cross-ties, six inches by eight inches, and six inches by twelve inches, and eight feet in length. All street and footway paving shall be of the best pebble and brickwork: the whole of the materials and the workmanship, and whatever fixtures may be deemed necessary must be approved by the Superintendent of the railroads belonging to the City.

SEC. 3. That if any person or company shall construct and lay down, or cause to be constructed and laid down any turn-out, or fixture of the nature thereof, without permission as aforesaid, or shall construct and lay down or cause to be constructed and laid down any turn-out which shall not conform in every particular to the above set-forth description, or which shall not be approved as before said, he or they shall forfeit and pay the sum of two dollars for each day that the same shall remain so laid down in the public street: which penalty shall be recoverable in the same manner that penalties for the violation of Ordinances are by law recoverable.

SEC. 4. That if any turn-out, bolting track, switch or turning platform shall be out of order and repair, and the owner or person having charge thereof, shall refuse or neglect to repair, or put the same in good order after ten days' notice

from the Superintendent of the City Railroads, the same shall be taken up and removed under the direction of the Committee on Public Highways : and the owner or person having charge of such turn-out, bolting track, switch or turning platform, shall also forfeit and pay the sum of twenty dollars, to be sued for and recovered in the manner that penalties for the breach of Ordinances are by law recoverable.

SEC. 5. That so much of any Ordinance as is inconsistent herewith, be and the same is hereby repealed.

#### APPENDIX No. XXXVI.

*To the Select and Common Councils of the City of Philadelphia :*

The Committee on the Library beg leave to report,

That they having examined into the state of the Library, would respectfully recommend that some measures be promptly taken, to preserve from destruction the many valuable documents and papers, relative to the history of the City administration that are now lying in the loft of the City Hall, loose and in the utmost confusion. Situated as they are now, exposed to dampness and heat, they must soon perish from the combined attacks of vermin and neglect. Among these document papers, are all that are left of the original records of the proceedings of the City government from the earliest period, a large part of which have never been printed, all communications addressed to Councils, reports of Committees, assessors' books, &c. &c.

The proper arrangement and securing from destruction, of these various documents and papers, will be a work that will require considerable attention, time and labor ; but in the opinion of your committee, it is one which should be entered into without hesitation or delay—neglect, such as now exists with us, of archives as valuable as those of our City, is, your committee believe, without parallel in this country. A proper regard for the known predilections of a large portion of our citizens, and the interests of posterity, demands, that whatever relates to the civil administration and history of our City should be most carefully preserved. Your committee entertaining these views would therefore respectfully, though

strenuously urge, that immediate steps be taken to remedy the evil and relieve ourselves from reproach.

These various documents and papers, elucidating as they do, the history of the civil administration of our City, if properly arranged and bound together with the works now in the book-cases, would form an admirable nucleus for a free municipal library, and without doubt would grow, with proper fostering, in a few years, to be another ornament to our City and source of information to her citizens. It may possibly be urged, that a want of suitable rooms, presents at this time, a strong objection to such a project; but as it probably will be some years, ere the room now used for Library purposes, if properly arranged, would prove too small, and as the time cannot be far distant, when more extensive apartments will be obtained for the use of the offices of the municipal government, and as whenever additional accommodations shall be obtained, the Library will doubtless receive that attention its importance demands—this objection has but little weight.

It is unnecessary, your committee think, for them to enter into a discussion as to the propriety and utility of free municipal libraries; their great utility has been acknowledged by the whole civilized world. In all the principal cities of Europe they are to be found, and are ever the source of great pride to, and are ever pointed at with feelings of exultation, by those whose forefathers have founded and who have themselves enjoyed the benefits and pleasures, ever to be drawn from them.

No city in the Union abounds in more numerous or more valuable private libraries, than our own. It has often been the subject of remark and surprise to strangers visiting us, that no such library as your committee suggest existed, or that any steps had ever been taken to found, establish and foster one. Were such a library established, it would not increase so much, your committee believe, from purchases as by donations, exchanges with other cities and states, and bequests from our own citizens. Doubtless private libraries would in the lapse of time be devised to the City, which would otherwise be disposed of, under the hammer of the auctioneer, it being known that the City was willing to receive them in trust and afford the public the opportunity of profiting by the devises. Many authors and publishers would deposit in such a library copies of their various works and publications; and ere ten years should have elapsed, the sur-

prise would be not how the library came to be instituted, but why it had not been founded at an earlier period. Had such a measure, as your committee now suggest, been adopted thirty years ago, and fostered by a small annual appropriation, it would be hazarding but little to say, that at this time, our citizens would have been able to have exulted in the largest and noblest free library in the Union.

The amount of expenditures necessary to accomplish all that your committee at present propose is but small, as the services of a librarian will not be needed until after the complete arrangement of the books and documents; but details must be the subject of future consideration.

With these views your committee beg leave to submit the following estimate of expenditures for the present year, and beg leave to ask for an appropriation for the amount.

The Committee on Police, to whom was referred the petition of a number of bakers, and other citizens, asking to be allowed to push their carts on the sidewalks of the city between the hours of three and five o'clock on Saturday afternoons—And also the following instructions by Councils viz:—"Resolved, that the Committee on Police be requested to inquire into the expediency of repealing a Supplement to an Ordinance which allows wheel-barrows to be used on the side walks between certain hours, passed July 2d, 1840,—

Respectfully Report,

That inasmuch as it appears there exists a difference of opinion among those who are immediately to be affected by the propositions before the Committee, which difference of opinion also exists among the members of the Committee, your Committee have deemed it inexpedient at this time to disturb existing regulations, which are well understood, and not altogether incompatible with the convenience of the public, as well as the parties concerned. Your committee therefore recommend the adoption of the resolution annexed.

*To the Select and Common Councils :—*

The Committee on Public Highways, to whom was referred an application from Messrs. Craig & Bellas, asking permission to lay a track from the City Railroad on High street, southwardly along Juniper street to a lot to be occupied by them as a depot,—

Respectfully Report,—

That having duly considered the subject, they are of opinion that the permission asked for should not be granted, as it would be establishing a precept after which your Committee could not consistently refuse the applications of the owners of property similarly situated in other streets.

They therefore ask the adoption of the annexed resolution.

## APPENDIX No. XLVI.

*To the Select and Common Councils :*

The Committee on Public Highways respectfully report a resolution directing two crossings to be made to connect the two tracks of the railroad on High street, west of Schuylkill Sixth street, they are necessary to facilitate the large business done on the road. This Committee not having had that part of the road under their care at the time of making their estimate were not aware of the same, and did not include

them in their report—the cost will be about Six hundred dollars.

Your Committee also had referred to them at the last meeting of Councils, a petition of Joseph N. Goodrick, the father of a lad who was killed by the caving in of a portion of the wharf at Walnut street, in October last. Deeming it a case in which they have already acted by a small donation made at the time of the accident, they ask to be discharged from the further consideration of the subject, and append a resolution to that effect.

## APPENDIX No. XLVII.

### *To the Select and Common Councils:*

The Joint Special Committee appointed January 30th, with instructions to “inquire into the state of the offices of the City Commissioner, City Clerk and Commissioners of City Property, and report in relation to the expediency of re-organizing said offices,”

Respectfully Report,

That after an examination of the duties of the various officers attached to the City Commissioners’ office they have arrived at the conclusion that the duties heretofore performed by the President of the Board can be performed by the City Clerk, in addition to the duties now performed by that officer; and that the office of President can be abolished without interfering with the public interests: they therefore recommend it, and annex an ordinance to abolish the same.

Your Committee examined the manner in which the various accounts are kept by the Commissioner of City Property and the City Clerk, and take great pleasure in testifying to their good order.

The Committee deem it their duty before closing their report to call the attention of Councils to the very limited accommodations for the public business transacted by this department; and they respectfully urge that immediate measures be taken to provide suitable apartments for the better accommodation of the officers and citizens doing business with them.

Respectfully submitted.

SEC. 2. That it shall be the duty of the City Clerk to examine and compare with the contracts, agreements and monthly pay rolls, all claims against the Corporation for work or labor done, or materials furnished, except those of the Watering Committee, and of the Girard Estates and College, and if found correct to certify the same thereon, and transmit them to the proper committee for their approbation and payment, according to the third section of an Ordinance, passed the first day of October, 1835, entitled "an Ordinance for auditing and controlling the expenditures of the City": and the said City Clerk shall also prepare, quarterly, a rent-roll of the income of the Corporate estate, and place the same in the hands of the Commissioner of City Property for collection, and certify the amount of the said rent roll to the City Treasurer.

APPENDIX No. XLVIII.

**An Ordinance**

For the government of the Fire Department of the City of Philadelphia.

SEC. 1. *Be it ordained and enacted by the Citizens of the City of Philadelphia, in Select and Common Councils assembled,* That the several Fire Engine and Hose Companies, whose apparatus is situated within this City, shall be required to aid or assist in the extinguishment of all Fires which may occur within the limits of the City, provided said companies apparatus are in servicable order.

They shall also be required to attend and aid in the extinguishment of all Fires which may occur in any of the adjoining districts of the County of Philadelphia, as far as practicable.

SEC. 2. *And be it further ordained and enacted by the authority aforesaid,* That no Fire Company within the City limits shall hereafter erect any stationary alarm bells, and such Companies as may have an alarm bell previous to the adoption of this ordinance, are required to use the same subject to such rules and regulations as may be adopted for the good government of said Companies.

SEC. 3. *And be it further ordained and enacted by the authority aforesaid,* That no Fire Company which may have attached hose to a fire plug at the time of fire, shall be permitted to attach hose to another plug, until the hose from the first plug has been led out to the fire; and in case of a Fire Company making an attachment of hose to a fire plug without having sufficient hose under its immediate control, any other company having sufficient hose may connect therewith, and have disposition of the water; and no company shall detain water from an engine actually on the ground, in order to give it to one that shall not have arrived.

SEC. 4. *And be it further ordained and enacted by the authority aforesaid,* That no person under the age of twenty-one years, shall hereafter be elected a member of any Fire Company within the limits of the City, nor shall minors be allowed to run with, or aid in conveying any fire apparatus to a fire.

SEC. 5. *And be it further ordained and enacted by the authority aforesaid,* That each Hose Company shall be required to carry at least eight hundred feet of hose, and each Engine Company at least one hundred and fifty feet.

SEC. 6. *And be it further ordained and enacted by the authority aforesaid,* That it shall be the duty of the several Fire companies of the City, to make annual returns to the Select and Common Councils of the City of Philadelphia, at such times as they may direct, which return shall be certified as correct by the President and Secretary of the respective companies; and shall state the condition of their apparatus and hose; the number of fires and where they occurred, at which they have been in service, with such apparatus and hose during the year, and the number of members, designating the active, honorary and contributing members.

SEC. 7. *And be it further ordained and enacted by the authority aforesaid,* That if any Fire Company in the opinion of the Select and Common Councils, on the report to that effect of the Committee on Legacies and Trusts, shall violate any of the provisions of this Ordinance, or shall be guilty of any riotous or disorderly conduct, they shall for the first offence be fined one hundred dollars, to be withheld from their annual appropriation. For the second offence the annual appropriation for the year shall be withheld.

SEC. 8. *And be it further ordained and enacted by the authority aforesaid,* That the annual appropriation shall in amount be alike to all the Engine and Hose Companies who have notified Councils of their willingness to accept the provisions of this Ordinance. The amount of the appropriation, however, to be determined upon from time to time as Councils deem expedient.

SEC. 9. *And be it further ordained and enacted by the authority aforesaid,* That any suit at law which may have been instituted for an alleged violation of the Ordinance of Jan. 4, 1844, and yet pending, be and is hereby discontinued.

SEC. 10. *And be it further ordained and enacted by the authority aforesaid,* That the Ordinance passed April 25, 1844, supplementary to the Ordinance of January 4, 1844, for the better regulation of the Fire Department, as also the Ordinance, May 23d, 1844, making provisions for organizing and defraying the expenses of a Board of Engineers, together with so much of any existing Ordinances which may be inconsistent herewith, be and the same is hereby repealed.

APPENDIX No. XLIX.

*To the Select and Common Councils :*

The Committee on Public Highways report, annexed, an Ordinance for the construction of two Culverts, the expense of which will be paid by the applicants, and recommend its passage.

**An Ordinance**

To authorize the construction of certain Culverts.

SECT. 1. *Be it ordained and enacted by the citizens of Philadelphia, in Select and Common Councils assembled*, That the City Commissioners under the direction of the Committee on Public Highways cause to be constructed a culvert in Harmstead street, to commence at a point in said street eighty feet east of Schuylkill 2d street, and to extend westwardly until it intersects the culvert in Schuylkill 2d street, and a culvert to commence at a point between Ashton, Schuylkill Front, High and Chestnut street, and to extend westwardly until it intersects the sewer which extends from High street east of Ashton street, to the river Schuylkill: the said culverts not to exceed in diameter two feet and one half in the clear; and not to be commenced until cost thereof be paid into the City Treasury by the owners of property in the neighborhood thereof.

## APPENDIX No. L.

*To the Select and Common Councils :—*

The Committee on Public Highways report that they have been informed by the Commissioner of the District, that the Tunnel in High Street at Delaware Front street, has the bottom for 8 to 12 feet entirely washed away, and that the sides are in danger of falling in. The estimated cost of repairs, is one hundred and fifty dollars.

They are also informed that the culverts in Delaware Fourth street, Pine street and the middle alley running from Water street to the Delaware Avenue, between Mulberry and Sassafras street, need immediate repairs: the estimated cost of which is four hundred and fifty dollars.

They therefore ask an appropriation of six hundred dollars for the purposes before mentioned, in addition to the sum previously reported by them as necessary for the service of the department under their charge.

APPENDIX No. LI.

*To the Select and Common Councils :—*

The Committee on Finance report that they have had before them the report of the Committee on City Property, in answer to the resolution reported to Councils by the Committee on Finance on the 20th of February last, from which report it appears, that the estimates made by the City Surveyor of the amount of work done, is unsatisfactory to the contractor; and that the Committee on City Property

have directed a measurement to be made by a third party, and that Committee are unable to determine whether any change in the appropriation asked for will result from this action. This committee are therefore without the information necessary to enable them to estimate the exact amount required to be raised by Loan or otherwise. The Committee beg leave to report back the whole matter, in order that Councils may take such order as they may deem proper in the premises. They also offer the following resolution.

*Resolved*, That the Committee be discharged from the further consideration of the subject.

“ For all other expenses not chargeable to any of the foregoing specific ap- propriations, - - - - -	5,700 00
	<hr/>
	\$11,400 00
	<hr/>

## COMMITTEE ON LEGACIES AND TRUSTS.

Item, Personal inspection of the Boudinot lands,	\$200 00
	<hr/>

## COMMITTEE ON LIBRARY.

Item, Arranging Library Room, assorting, bind- ing and cataloguing works and documents,	\$300 00
	<hr/>

It will be observed that the Committee, in their Statement of the means for the present year, have included all the Interest to be received from the Pennsylvania Railroad Company during the year.

Notwithstanding the abatements from the Estimates of the Committees, it will be seen from the foregoing Statement that the sum of \$309,655 02 will be required from other sources than the income from City Property, to meet the expenses of the Corporation during the present year. To raise this sum by a tax on Real Estate, will require a levy of 58 cents on every One Hundred Dollars of the assessed value within the City. If the full sums asked for by the Standing Committees be granted, the rate of taxation cannot be less than 68 cents.

The financial condition of the Corporation, it is believed, will fully realize the expectation entertained the past year in regard to it.

The whole indebtedness of the City, exclusive  
of Gas Loans, was, on the 1st of January,  
1851, - - - - - \$4,623,700 00

Deduct the amount of City  
Loans belonging to the  
Sinking Fund on that  
day, - - - - - \$122,400 00

The Cash Balance then due it, 43,329 66

The value of the other invest-  
ments of the Sinking Fund, 128,079 56

293,809 22

A total of - - - - - \$4,329,890 78

Which may properly be considered as the amount of the City  
debt on the 1st of January, 1851.

The Schedule of City Loans hereto annexed, will show the  
respective dates of their maturity. The only Loans falling  
due this year, was part of two Loans created in 1824, amount-  
ing to \$48,000, which was payable on the 1st of January, and  
which was promptly paid by the Sinking Fund.

The precise statement of the Sinking Fund on the 1st of  
January, 1851, will be found detailed in one of the Statements  
which accompany this report.

The Committee last year reported the invest-  
ments of the Fund, exclusive of the City

Loans held by it, as then worth, - - \$104,301 76  
Add City Loans then held by the Fund - 69,600 00  
Cash balance, - - - - - 65,857 16

\$239,758 92

The present investments of the Fund, exclusive

of the City Loans held by it, are worth - 128,079 56  
Add City Loans held by the Fund, - - 122,400 00  
Cash Balance, - - - - - 43,329 66

\$293,809 22

Deduct the amount of the outstanding Loans  
paid January 1st, 1851, - - - - 48,000 00

And there will remain, - - - - - \$245,809 22  
to the credit of the Fund in cash and invest-  
ments.

The Committee propose, besides the usual personal tax, an assessment of Fifty-eight cents on the One Hundred Dollars on the valuation of the real estate in the City.

The Committee report herewith a bill making the annual appropriations, and providing for means for meeting the same.

*To the Select and Common Councils :*

The Committee on Police, in compliance with the following instructions, passed by Councils, viz :

“*Resolved*, That the Committee on Police be instructed to inquire into and report as to the expediency of reducing the executive Police of the city of Philadelphia, in numbers equal to, or greater than, the number of Policemen furnished by the said city to the Marshal of Police, under the act of Assembly relating to a uniform system of Police of the city of Philadelphia and District of Spring Garden, &c., approved May 3d, 1850,”—

Respectfully submit :—

That after a careful examination and due consideration of this important subject, they have been induced to the conclusion that, at this time especially, it would be inexpedient, if not imprudent and unwise, to suggest any modification of existing Ordinances which might tend to diminish our present means of protection from the recurrence of the lamentable scenes of riot and bloodshed, so recently prevalent in some of the adjoining Districts, and even in our midst, brought thither by lawless persons from beyond our jurisdiction.

The main grounds of objection on the part of your Committee, will be found in the distinctive character, and in the nature of the services required of the two bodies of Policemen, viz : the Marshal's Police, and the City Police.

The City Police are a detective as well as a conservative body—under the immediate direction and control of the Mayor of the city—have specific duties to perform—prescribed rounds or *beats* to patrol—periods or intervals of relief to the men,—which however secures incessant watchfulness throughout the city during the night time, and a resource in times of riot or fire from the relieved portion of the police, who are always prepared, at the several station houses, to proceed to the place requiring their assistance, and this in most cases, without interfering with the duties of their brethren on patrol service.

Now the duties of the District Police force, placed by Act of Assembly under the exclusive direction and command of

the Marshal of Police, differ in several important features, from those of our municipal police. The Marshal's men are liable to be called in a body, at all times, to any part of the Police District, or even of the county of Philadelphia in all cases of emergency—their duties and services are of a general character irrespective of local service—and however useful in their way, would nevertheless, by no means, be an adequate and reliable substitute for our present means of protection.

Your Committee, without entering further into illustrations of their views, thus briefly submit the prominent features of the result of their deliberations, and further beg leave to ask the adoption of the resolution annexed.

## APPENDIX No. LIV.

### *To the Select and Common Councils:*

The Committee on Legacies and Trusts, to whom was referred by Councils on the 30th January last, a resolution instructing them to inquire into the propriety of repealing such Sections of the Ordinance passed January 4th, 1844, entitled “An Ordinance for the better regulation of the Fire Department,” as prohibits the Fire Companies of the City from passing into the adjoining Districts for the purpose of extinguishing Fires—

### Report,

That they have, after much examination and reflection, come to the conclusion that there would be great impropriety in repealing the section of the Ordinance referred to in the resolution. The reasons which have governed them are briefly these, viz: the Ordinance provides “that the Fire Companies located within the city limits shall pass into and aid in the

extinguishment of Fires in an adjoining District, when thereto required by such person or persons as may be designated by the municipal corporation or corporations of such adjoining district." Experience has shown most clearly that without such restrictions as are embraced in the Ordinance, much difficulty, confusion and perhaps disorder would be the result.

It will be seen by reference thereto, that the Preamble to the Ordinance sets forth fully the causes for the enactment of the same at that time, and your Committee cannot see why a liberty should now be granted, when no good reason has been offered for the repeal sought for.

In reference to the Ordinance itself, your Committee would remark, that the door is thrown open for the admission of Companies which choose to accept and come under its provisions. The offers embraced therein are liberal, the restrictions are wholesome and salutary, and the effects resulting from the law have thus far been, in the opinion of the Committee, and also of the community at large, highly beneficial. The Committee therefore trust that unless it shall be clearly shown that the provisions in the sections of the Ordinance embracing the points considered by your Committee are injurious, and have not answered the purpose for which they were designed, that no further attempts will be made to repeal the same.

The Committee also report that they have had under consideration a Bill referred to them on the 27th February last, entitled "An Ordinance for the Government of the Fire Department of the City of Philadelphia," and can see no good reason for the adoption of the same, whilst the present laws in relation thereto have answered so well in carrying out the objects for which they were enacted.

The Committee submit a resolution asking to be discharged from the further consideration of the subject, and ask that it may be passed.

## APPENDIX No. LV.

*To the Select and Common Councils :*

The undersigned, a minority of the Committee of Legacies and Trusts, to whom was referred the resolution of Mr. Agnew, respectfully begs leave to report that he dissents from his colleagues, for the following reasons.

First. The present Ordinance being part of a Joint Ordinance that was to have been approved by the adjoining districts (but not approved by them) has never produced any good result, and has never been acceptable to a majority of the Fire Department.

Second. The Districting system could not be accepted and carried out in good faith by a number of the Companies; their charters requiring them to proceed to and aid in the extinguishment of all Fires in the City and County of Philadelphia.

Third. The present peace and quiet of the Department is not the effect of the present Ordinance (as claimed for it by the friends of the Ordinance,) but results from the efficient manner in which the Law is enforced and disorders suppressed by the Mayor and Marshal of Police.

The undersigned believes that the repeal of the 2d section of the Ordinance of January 4th, 1844, would promote the peace and harmony of the Department.

Respectfully submitted,

WM. F. HANSELL.

## APPENDIX No. LX.

The Committee appointed on the 3d inst., upon the subject of certain measures pending before the Legislature of this Commonwealth, in relation to the Franklin Canal Company and the Pittsburgh and Erie Rail Road Company

## REPORT,

That they were attended at their meetings by gentlemen who represent conflicting interests, and were prepared to communicate fully their knowledge of facts, and their distinct views of policy. They were fully heard.

The duty of the Committee being to protect the interests of *this portion* of the Commonwealth, they prepared, and have forwarded to Harrisburg a memorial which seemed to

them best adapted to effect that object. Of this memorial they annex a copy.

The Chairman at the same time addressed a letter to the members from the City, requesting them to have it presented in both branches. These papers must have reached Harrisburg in time for the session of Monday morning.

Your Committee offer the following Resolution.

*Resolved*, That they be discharged from further consideration of the subject.

#### COPY OF MEMORIAL.

To the Senate and House of Representatives of the Commonwealth of Pennsylvania.

The Memorial of the undersigned, a Committee of the Select and Common Councils of the City of Philadelphia,

Respectfully sheweth,

That the people of this portion of the Commonwealth are looking with great anxiety to the course of legislation which may ultimately be adopted in relation to the "Franklin Canal Company," and the "Pittsburg and Erie Railroad Company."

The Franklin Canal Company, your memorialists are informed, are now actually engaged in building or preparing to build, a railroad along the shore of Lake Erie, the whole distance between the Ohio line and the Borough of Erie—and thus to form a connection between the railroads of Ohio, and the New York railroads terminating at Erie.

Your memorialists are also informed that the Pittsburg and Erie Railroad Company claim the right under their Charter, of making the same connection between the same points—and that they claim it as given to them by the 17th section of their Act of Incorporation.

This right, so claimed, as well as that claimed by the Franklin Company, seems to be recognized in the third and

seventh sections of the House Bill, No. 894—And such recognition, even by implication, your memorialists submit ought not to be made.

After careful examination of the Acts relating to the Franklin Canal Company, your memorialists are unable to perceive in them any authority justifying the attempt they are now said to be making.

The claim of power in favor of the Pittsburg and Erie Railroad Company, they also conceive to be very doubtful.

A power “to make such lateral railroads or branches leading from the main line,” “to such convenient places or points *in* either of the counties into or through which the said line of their road may pass, and the Counties next adjoining the same, as the President and Directors may deem advantageous and suited to promote the convenience of the inhabitants thereof and the interests of said Company,” is a very broad, very indefinite and unusual power—and for this reason *requires* construction, and cannot claim exemption from any sound *rule* of construction.

It cannot be supposed that the Legislature intended by the use of such general phrases, to put the great interests of the Commonwealth—the prosperity of her public works—and her power to sustain competition with a rival State, under the control of a Corporation. Such a construction ought not to be submitted to, unless when given by the very highest judicial tribunal.

It may well be doubted, too, whether the expression, “a convenient place or point *in*” a county, would be held to indicate a point at its extreme edge, separated, not from another adjoining *County*—but from an adjoining *Commonwealth*, by a mere line.

Believing, therefore, that any *further* facilities of communication between the New York lines of railroad, and those of Ohio, beyond such as already exist, or may be made to exist by a direct road from Pittsburg to Erie, would be of deep injury to the Commonwealth at large, as well as to the eastern portion of it, your Memorialists respectfully pray that no such additional facility may be granted, either expressly or by implication—that no right of legislative control, now or hereafter, over such lines of communication may be parted with—no construction impairing such right be put upon doubtful acts;—And that any proposed act or

acts now under consideration, may be so framed or amended as to avoid all or any such results.

Signed by eight of the Committee.

To provide for the regulations of Turn-outs from the City Railroad.

SEC. 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the Committee on Public Highways be and they are hereby authorized to grant permission to persons or companies, to attach turn-outs or bolting-tracks to the railroad in the city of Philadelphia. Said turn-outs or bolting-tracks to be laid in such manner as to conform to the established heights and levels of the streets in which they may be placed; and such permissions shall be in writing, and shall be subject to the provisions of this and all other Ordinances relating to the railroad in the City of Philadelphia.

SEC. 2. *And be it further ordained and enacted by the authority aforesaid,* That it shall be lawful for the Committee on Public Highways from time to time, to make, establish, and put in force, such rules, regulations and restrictions, in relation to such turn-outs, bolting-tracks, their construction and materials, as to said Committee shall seem fit and proper; and no turn-out, bolting-track, or other fixture shall be attached to the said railroad, or laid over or on any street, unless the same shall conform in every particular to the rules and regulations so adopted.

SEC. 3. *And be it further ordained and enacted by the authority aforesaid,* That all such turn-outs, bolting-tracks, or other fixture, shall be laid under the direction and inspection of the Superintendent of the City Railroad, and if any person or persons shall construct or lay down any turn-out, bolting-track or other fixture, contrary to the provisions of this Ordinance, or of any regulation adopted by the Committee on Public Highways, the person or persons so offending, shall forfeit and pay the sum of twenty dollars to be sued for and recovered in the manner that penalties for the breach of Ordinances are by laws recoverable, and in addition thereto, such turn-out, bolting-track or other fixture, shall be forthwith removed.

SEC. 4. *And be it further ordained and enacted by the authority aforesaid,* That if any turn-out, bolting-track, switch, turning platform or other fixture, shall be out of order and repair, and the owner or person having charge thereof shall refuse or neglect to repair or put the same in good order after five day's notice from the Superintendent of the City Railroad, the same shall be taken up and removed, under the direction of the Committee on Public Highways, and the owner or person having charge of such turn-out, bolting-track, switch, turning platform or other fixture, shall also forfeit and pay the sum of twenty dollars, to be sued for and recovered in the manner that penalties for the breach of Ordinances are by law recoverable.

SEC. 5. The person or persons to whom permission shall be granted to attach any turn-out, bolting-track or other fixture, to the City Railroad as is herein provided, shall, before receiving the same, pay to the City Clerk, for the use of the City, the sum of ten dollars, \$10.

### **A Supplement**

To an Ordinance, entitled "An Ordinance for the better regulation of the Fire Department," passed January 4, 1844.

SEC. 1. *Be it ordained and enacted by the citizens of Philadelphia, in Select and Common Councils assembled,* That the second, fifth and eleventh sections of the Ordinance to which this is a Supplement, be and the same is hereby repealed.

APPENDIX No. LXIV.\*

*The Committee on Legacies and Trusts,*

To whom was referred the application of the Independent Hose Company, for relief for damage done to their hose, at the recent fire at the Assembly Buildings,

REPORT

That they consider it inexpedient to grant said request, inasmuch as the company belongs to, and is located in an adjoining district; and in addition, they think it would afford a precedent in no small degree dangerous, and perhaps lead to results which may prove, in a pecuniary point of view, exceedingly onerous to the City Corporation.

They therefore ask to be discharged, and offer the following Resolution, to wit:

*Resolved*, That the Committee be discharged from the further consideration of the subject.

GEO. R. FISHER, *Chairman*.

W. WATT,  
M. S. WICKERSHAM,  
WM. F. HANSELL,  
T. J. PERKINS,  
J. E. HAGERT.

*Philadelphia, April 24th, 1851.*

## APPENDIX No. LXV.

*To the Select and Common Councils:—*

The Committee on Police, to whom was referred the consideration of a memorial, signed by sixty-eight Merchants, and others, in Market street, asking that persons engaged in the Clothing trade, be restrained from exhibiting so large a quantity of Ready-made garments in front of their stores, and thus obstructing the public view to their neighbors to a degree which not only causes a great inconvenience, but also a serious injury to their business—

Respectfully submit,—

That as the consideration of this special cause of complaint seems necessarily, also, to involve an examination of others, and perhaps more objectionable hindrances, to the free use of, and passage through many streets, in the business portion of our city—and as it is believed, that a remedy may be found in existing laws against evident nuisances, your Committee do not deem it expedient, at this time, to take any action in the premises—and therefore ask the adoption of the Resolution annexed.

## *To the Select and Common Councils :*

The Joint Special Committee appointed on the 30th of January, with instructions "to inquire into the state of the offices of the City Commissioners, City Clerk, and Commissioner of City Property, and report in relation to the expediency of re-organizing said offices," the number of which Committee was subsequently increased by the addition of two members from each Council, under a resolution passed on the 20th of March, containing also, further instructions on the subject—

## Respectfully report :

The subjoined draft of an Ordinance, in the belief that the object of their appointment and investigations will thereby be satisfactorily attained, should the same be adopted by Councils.

## **An Ordinance**

To provide for the appointment of an officer, to be called the "Supervisor of the City," to define his duties, and to abolish the office of President of the Board of City Commissioners.

SECT. 1. *Be it ordained and enacted by the citizens of Philadelphia, in Select and Common Councils assembled,* That the Select and Common Councils, immediately upon the passage hereof, and annually at the last stated meeting in the month of May, and whenever any vacancy shall occur, shall

elect in joint meeting, one person to be the Supervisor of the City, who shall before entering on the duties of his office, give bond to the mayor, aldermen, and citizens of Philadelphia, in the sum of                      dollars, with two sureties, to be approved by Councils, conditioned for the faithful performance of the duties of his office, as the same then are, or thereafter may be defined by Ordinance, and who shall be allowed an annual salary of one thousand dollars, payable quarterly: and who shall be removable at the pleasure of Councils.

SECT. 2. *And be it further ordained and enacted by the authority aforesaid,* That the said officer shall perform all the duties heretofore performed by the President of the Board of City Commissioners; and in addition thereto, it shall be his duty under the direction of the Committee on Public Highways, to make all contracts for supplying the City with paving stones, gravel, and other materials required by said Committee, in the department of the City under their charge; to exercise a supervision over the cleansing of the City, and report any delinquencies of the contractor for the same, to the Committee on Cleansing; to examine all buildings in the progress of erection and all walls, within the City, and take proper measures in the premises, to ensure the safety and security of the citizens.

SECT. 3. *And be it further ordained and enacted by the authority aforesaid,* That the said Supervisor, and the City Commissioners shall, at least once in each week, and as much oftener as may be necessary, meet together, to do and perform all such matters and things as by existing Ordinances require the concurrence of the City Commissioners, or a majority thereof; they shall cause minutes of their proceedings to be kept in a book, by the City Clerk, and all contracts made as hereinbefore provided, shall be copied therein.

SECT. 4. *And be it further ordained and enacted by the authority aforesaid,* That the office of the President of the Board of City Commissioners be, and the same is hereby abolished.

W. WATT,  
SAUN. LEWIS,  
THOS. ROBINS,  
FRED. LENNIG.  
ROBERT HUTCHINSON,  
EDW. W. ROBERTS.

**An Ordinance**

Relating to Water Street and Delaware Avenue.

SEC. 1. *Be it ordained and enacted by the citizens of Philadelphia, in Select and Common Councils assembled,* That the Committee on Public Highways be, and they are hereby authorized and directed to pay to John Garret, Trustee under the will of James Wilson, deceased, the sum of two thousand, eight hundred and sixty-two dollars and fifty cents; to William Ryan and H. S. Magee the sum of sixteen hundred dollars; to William Weisinger and Thomas Weisinger the sum of fifteen hundred dollars; to estate of John Wetherill the sum of thirty-one hundred dollars; and to Peter Martin the sum of eighteen hundred dollars: the said sums being the amounts awarded to the said parties respectively, as damages for injury done to their property, situate on the west side of Water street, between Mulberry and Sassafras streets, by the laying out of Water street anew, as appears by the report of a jury, filed in the office of the clerk of the Court of Quarter Sessions, on the 21st day of March, 1851.

SEC. 2. *And be it further ordained and enacted by the authority aforesaid,* That the sum of ten thousand, nine hun-

dred and ninety-two dollars, out of the income of the fund appropriated under the twenty-second item of the will of Stephen Girard, for the improvement of the eastern front of the city, be appropriated for carrying into effect the first section of this Ordinance, and for paying the expenses incident to the assessment of said damages, to be paid in the manner that appropriations for Delaware Avenue are directed to be paid, in the several Ordinances relating thereto.

SEC. 3. *And be it further ordained and enacted by the authority aforesaid,* That the Board of Commissioners of the Girard Estates be, and they are hereby authorized and directed to pay to the City Treasurer, for the Mayor, Aldermen, and Citizens of Philadelphia, the sum of four thousand, five hundred dollars, which sum has been awarded to them as damages for injury done to their property, bounded on the east by the river Delaware, west by Water street, south by Dock street, and north by property belonging to the heirs of James Hamilton, deceased, by the opening of Delaware Avenue, and the laying out of Water street anew, through a portion of the same, by a jury appointed for that purpose, as will appear by their report, filed in the office of the Clerk of the Court of Quarter Sessions, the 21st day of March, 1851; and the sum of four thousand five hundred dollars out of the income of the fund appropriated under the twenty-second item of the will of Stephen Girard, for the improvement of the eastern front of the city and Delaware Avenue, is hereby appropriated therefor.

APPENDIX No. LXVIII.

*To the Select and Common Councils:*

The Committee on Legacies and Trusts, to whom was referred, on the 10th of April, a petition of the Diligent Fire Company, and a bill entitled "A Supplement to an Ordinance entitled 'An Ordinance for the better regulation of the Fire Department,' passed January 4, 1844;"

And on the 24th of April, was referred to them, a communication, signed by the representatives of seventeen fire companies, acting under the City Ordinances, also a petition from the Philadelphia Hose Company—

Respectfully Report:

That the Committee, after full consideration of all the documents referred to them, have been unable to unite on any recommendation to Councils, and therefore ask to be discharged from the further consideration of the same, and annex a Resolution to that effect, and ask that it may be passed.

*Resolved*, That the Committee be discharged from the further consideration of the subject.

Respectfully submitted,

## APPENDIX No. LXIX.

*To the Select and Common Councils:*

The Committee on Police, to whom was referred the memorial of the High Constables of the City, asking for an increase of their annual salaries—

## Respectfully report:

That from a due examination of the reasons assigned by the memorialists, and from a knowledge and consideration of the fact, that the faithful performance of their duties requires the entire time of these officers, your Committee are of opinion that their request is reasonable, and therefore recommend that the salaries of said officers be increased the sum of one hundred dollars, each, per annum—in accordance with which your Committee further submit the annexed draft of an Ordinance.

## APPENDIX No. LXX.

### *To the Select and Common Councils :*

The Committee on Public Highways, to whom was referred a bill, entitled "An Ordinance to provide for the paving of footways, in front of lots not built upon," with instructions to inquire and report as to the expense thereof,

## REPORT

That the Commissioner of City Property estimates the expense of paving the footways, eight foot wide, opposite the unimproved property of the City, will cost about \$1500. Paving them according to the present Ordinances, would cost \$800 to \$900.

Respectfully submitted,

JOHN YARROW, *Chairman.*  
SAM'L COPELAND,  
W. WATT,  
EDW. W. ROBERTS,  
FRED. LENNIG,  
SAUN. LEWIS,  
THOS. ROBINS.

*Philadelphia, May 7th, 1851.*

## APPENDIX No. LXXI.

*To the Select and Common Councils:*

The Committee on Public Highways, respectfully report that they have had under consideration the various petitions referred to them, by Councils, asking for the paving and repaving of public streets, and after an inspection of all of them, they have designated, in the annexed Resolution, such as they deem should be acted upon at this time.

They also report a Resolution, directing the paving of certain private alleys.

Both of which Resolutions your Committee recommend should be passed.

Respectfully submitted,

JOHN YARROW, *Chairman.*  
 SAM'L COPELAND,  
 W. WATT,  
 EDW. W. ROBERTS,  
 ROBERT HUTCHINSON,  
 FRED. LENNIG,

## APPENDIX No. LXXII.

**A Supplement**

To an Ordinance passed the fourth day of January, A.D. 1844, entitled "An Ordinance for the better Regulation of the Fire Department."

SEC. 1. *Be it ordained and enacted by the Citizens of Philadelphia in Select and Common Councils assembled,* That each Fire Engine and Hose Company in the City of Philadelphia shall, on the third Monday in June next, and annually thereafter, elect one member of such company a delegate to a Convention to be composed of the delegates so elected.

SEC. 2. *And be it further ordained and enacted by the authority aforesaid,* That the delegates aforesaid shall, on the second Monday in July next and annually thereafter, elect one person to be Chief Engineer and two others to be respectively First and Second Assistant Engineers; who shall hold their said offices for one year from the date of their election, unless sooner removed as hereinafter provided: and whenever a vacancy shall occur in any of the said offices from death, resignation or removal, it shall be the duty of said delegates forthwith to elect a person to fill such vacancy, and the person so elected shall hold his office for the unexpired term of the individual in whose place he shall have been elected: *Provided,* That no election as aforesaid shall be considered to be made until the Committee on Legacies and Trusts of the Select and Common Councils approve of the choice made by said delegates.

SEC. 3. *And be it further ordained and enacted by the authority aforesaid,* That the said Committee on Legacies and Trusts may remove from office any of the Engineers aforesaid, for inefficiency or neglect of duty.

SEC. 4. *And be it further ordained and enacted by the authority aforesaid,* That it shall be the duty of the Chief Engineer, and in his absence, that of the First Assistant, and in the absence of both of them, that of the Second Assistant, to direct and control the several Fire Engine and Hose Companies whilst on duty at fires within the City of Philadelphia;

and if any such company, or the members thereof, shall refuse to obey the direction of the Engineer on duty as aforesaid, or if any such company, or the members thereof, shall be guilty of any riotous or disorderly conduct, it shall be the duty of said Engineer to report the same to the said Committee on Legacies and Trusts ; and upon ascertainment by them of the truth of such report, if the party so reported be a company, then such company shall be deprived of the next annual appropriation which the said company would by existing Ordinances be entitled to receive, and the members of said company shall be ineligible to serve in the offices of Engineer aforesaid, for one year : and if the party so reported be an individual or individuals, he or they shall be ineligible to the said offices for one year.

SEC. 5. *And be it further ordained and enacted by the authority aforesaid,* That the Chief Engineer shall receive an annual compensation of Five hundred dollars, and each Assistant Engineer of One hundred and fifty dollars, payable quarterly.

SEC. 6. *And be it further ordained and enacted by the authority aforesaid,* That the City of Philadelphia shall be divided into the Northern and Southern Fire Districts : all Fire Engine and Hose Companies located north of High Street, shall be in the Northern, and those south thereof, in the Southern district : and no company aforesaid located in the Southern district shall pass beyond the Northern, and no company located in the Northern district shall pass beyond the Southern boundary of the City, unless directed so to do by the Chief Engineer aforesaid : and no company aforesaid shall have over one hundred active members.

SEC. 7. *And be it further ordained and enacted by the authority aforesaid,* That no Fire Engine or Hose Company which shall refuse to appoint a delegate as hereinbefore mentioned, or which shall violate any of the provisions of the Ordinance to which this a Supplement (except those thereof which are hereby repealed), shall receive any portion of the annual appropriation provided for by an Ordinance passed the 21st day of May, 1840, entitled "An Ordinance granting Aid to the Fire Engine and Hose Companies of the City : " and no Engine or Hose Company shall receive the said appropriation or any part thereof, until the said Chief Engineer shall certify that such company has not been guilty of a violation of any of the provisions of this Ordinance or that to

which it is a Supplement: *Provided, nevertheless,* That the said Committee on Legacies and Trusts may withhold such appropriation notwithstanding such certificate.

SEC. 8. *And be it further ordained and enacted by the authority aforesaid,* That no person or persons shall attach to any fire plug in the City of Philadelphia, the hose of any Fire Company which has not elected the delegate before mentioned: nor the hose of any Fire Company whose apparatus is located out of the said City, without permission of the Engineer on duty as aforesaid, under a penalty of Five Dollars for each offence, to be recovered in the manner that penalties for the breach of Ordinances are by law recoverable.

SEC. 9. *And be it further ordained and enacted by the authority aforesaid,* That the State House Bell shall be under the supervision of the Committee on Legacies and Trusts during the time of fires.

SEC. 10. *And be it further ordained and enacted by the authority aforesaid,* That the first, second, fifth, ninth, tenth and eleventh Sections of the Ordinance to which this is a Supplement, and so much of any other part of the same or of any other Ordinance as is inconsistent herewith, be and the same is hereby repealed.

COUNTY COMMISSIONER'S OFFICE,

Philadelphia, May 19, 1851.

*To the President and Members of the Common Council of the City of Philadelphia :*

GENTLEMEN :

It becomes your duty, in accordance with an Act of General Assembly, of the 28th of April, 1851, to divide the various wards in your jurisdiction, "into election precincts, of not more than four hundred taxable inhabitants, or as near that number as practicable," and "appoint a suitable place for holding the elections in each precinct."

As our duties in connection with this change in the mode of elections are numerous and arduous, we beg to call your early attention to the above.

Yours, very respectfully,

M. VAN DUSEN, SR.,	} <i>Conty. Commrs.</i>
JOHN C. DOBLEMAN,	
ADAM SHETZLINE,	

Attest, CHAS. P. DACE, *Clerk.*

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same,* That the Select and Common Councils of the City of Philadelphia, on or before the twentieth day of July, in the year one thousand eight hundred and fifty-one, shall be required to divide the several wards in said city into election precincts, of not more than four hundred taxable inhabitants, or as near that number as practicable, and shall appoint a suitable place for holding the elections in each precinct or ward; and the Commissioners of the several incorporated districts in the county of Philadelphia shall in like manner divide the wards of their respective districts, and appoint the places of holding the elections; and said Councils and Commissioners shall annually communicate to the Sheriff of the county the places so appointed, who shall publish the

same in his proclamation. *Provided*, That the City of Philadelphia and the several incorporated districts shall be authorized to change the place of holding their ward and general elections in the same manner and under the existing laws passed prior to the passage of this act.

SECTION 2. That the officers elected in the several wards and precincts in said city, at the general election, in the year one thousand eight hundred and fifty, and in said districts in March, one thousand eight hundred and fifty-one, shall appoint officers to conduct the next general election in the additional precincts hereby created in the following manner, to wit: in case any of the said wards have not been heretofore divided into precincts, then the judge of said ward shall appoint one person to act as judge for each additional precinct, and each inspector shall appoint one person to act as inspector for each additional precinct, in case any of said wards have been heretofore divided into an equal number of precincts, then each judge shall appoint one person to act as judge for each additional precinct, and each inspector shall appoint one person to act as inspector for each additional precinct, and the judges of the several precincts of each ward shall together appoint one person to act as judge for the remaining precinct, if there shall be an odd number of precincts in any of said wards, and the inspectors of the several precincts of each ward shall together appoint two persons to act as inspectors for the remaining precinct, the said inspectors shall each appoint one clerk, and the judges, inspectors, and clerks, shall severally be sworn or affirmed, according to law, and shall perform all the duties, and be subject to all the penalties and restrictions now imposed upon election officers. *Provided*, That hereafter the judges and inspectors shall be elected in the several precincts or wards by the qualified voters thereof, in the manner and at the time now directed by law.

SECTION 3. That the judges, inspectors and clerks of each precinct of the several wards of the City of Philadelphia, shall meet together at the State House in said city, on the second day (Sunday excepted,) after any election, and there add together the number of votes given for each person voted for, and make out the returns as the nature of the election may require, complying in all respects with the provisions of the existing laws of this Commonwealth; and in like manner,

the judges, inspectors, and clerks of each precinct of the several wards of each incorporated district as aforesaid, shall meet together at the Commissioners Hall in each of said districts, and add together the number of votes given for each person voted for, and make out the returns as the nature of the election may require, complying in all respects with the provisions of existing laws.

SECTION 4. That hereafter all elections (except military) in the city of Philadelphia, and in the incorporated districts of the county of Philadelphia, shall be held within the several precincts or wards of said city and districts, as the case may be, and the polls at said elections shall be opened at or before eight o'clock in the morning, and shall be closed at seven o'clock in the evening, the judges, inspectors, and clerks shall each receive the sum of two dollars in full, as compensation for their services in conducting each election.

SECTION 5. That the County Commissioners shall furnish the necessary boxes, blanks, and papers, for holding the elections in each of said precincts, and they shall also furnish a list of taxable inhabitants of each precinct or ward as now required by law. *Provided*, That the lists of taxable inhabitants now required to be made and posted up, shall after the passage of this act be made out by streets, courts, or alleys respectively, in which the inhabitants reside, designating the side of said street, court, or alley in a head line. *Provided*, That hereafter the judge and inspectors of each precinct or ward shall make the additional assessment as now provided by law, and each of said judges and inspectors shall receive one dollar per day for their services. *Provided further*, That the County Commissioners are hereby authorized and required to furnish previous to the time of making the additional assessments, to the judge or inspectors of each ward, precinct or township, where an election is to be held, the alphabetical window list, and that the said judge and inspectors shall enter the name of every person who is duly authorized by existing laws to be assessed in said book in alphabetical order, and after the said judge and inspectors shall have completed said additional assessment, the judge and each of the inspectors shall sign their names in each column of said book immediately following the last signature, the said judges and inspectors shall return to the County Commissioners the additional assessments as required by existing laws, when the

assessors of each ward shall enter the same in the assessor's book as heretofore. *And provided further*, That in all cases of additional assessment the tax shall be paid to the collector of the ward, who shall give a receipt for the same, and account to the Treasurer of the county for all moneys so received, and the collectors of taxes of the different wards and precincts of the city and incorporated districts, shall be required to be at their respective offices on the days of the General or Municipal elections, for the purpose of receiving State, County or other taxes respectively, from ten o'clock, A. M., until the time of closing the elections, and for every evasion or refusal to comply with the provisions of this section, he shall be guilty of a misdemeanor, and shall be subject to a penalty of one hundred dollars, to be recovered in the same manner as debts of like amount are by law recoverable, one-half of which shall go to the informer, and the other half to the Guardians of the Poor of the City and Incorporated districts.

SECTION 6. That the fourth section of an act, entitled, A further supplement to an act entitled, "an act relating to the elections in this Commonwealth," passed the eleventh day of April, one thousand eight hundred and forty-eight, be and the same is hereby repealed. *Provided*, That all persons acting as judges and inspectors of the general election in the city and county of Philadelphia may be re-elected, any law to the contrary notwithstanding.

### APPENDIX No. LXXV.

*To the Select and Common Councils:*

The Committee on Public Highways,

To whom was referred, on the 3d April last, a resolution relative to having a plan made of the City, agreeable to the Ordinances passed by Councils, to be deposited in the office of the City Commissioners,

Report herewith a communication from the City Surveyor, giving his views relative to such a plan as the resolution contemplates, and the necessity for the same.

Your Committee, fully concurring in the importance of such a work, recommend that it should be commenced as early as practicable, and annex a resolution authorizing the same, and ask that it may be passed.

Respectfully submitted,

*Resolved*, That the Principal City Surveyor and Regulator be authorized to make a plan of the City, in accordance with the suggestions contained in his communication, dated May 7, 1851, and herewith annexed, and to that end he be authorized to employ such assistance as may be necessary, provided the same shall not exceed \$2000.

CITY SURVEYOR'S OFFICE,

*Philadelphia, 7th May, 1851.*

GENTLEMEN :

A resolution passed by Councils on the 3d of April last, requests the City Surveyor to have a plan made of the City, agreeably to the several Ordinances passed in relation to the subject.

In answer to the requisition made on him by a Sub-Committee on Public Highways, the undersigned has the honor to report :

That great inconvenience has been felt by the department over which he has control, from the absence of sufficient data, in reference to the true lines of streets, and in some instances losses have been incurred from this cause, in giving to builders erroneous lines, more from the absence of these data, than from any inattention or want of care in the City Officers.

Nearly all the "bench marks," relative positions of buildings, and lines of streets, made under the Ordinance of 1809, by Reading Howell, have been obliterated or lost. This sur-

vey extended from Vine to Cedar street, and from Delaware Fifth street, to the river Schuylkill. The marks yet remaining, will of course materially assist in hastening the completion of the work now called for.

East of Delaware Fifth street, within the bounds of the City, there is no plan or map. All the data for this part of the work are contained in disconnected drafts, marking merely distances and levels, and a large portion of the newly laid out sections west of Delaware Fifth street, is in a similar condition.

The plan and map now called for by Councils, is a matter of imminent necessity and importance to all the City interests, and to every property holder within its borders and vicinage. It should long since have been made, and on record, and no more time should be lost in its completion.

The plan should be made of such an enlarged size—say not less than one inch to the 100 feet—as to represent accurately all the minor divisions of the City, and of dimensions sufficient to avoid all confusion consequent upon descriptions into a confined space.

This plan, of necessity, must contain the correct lines of the streets, the relative positions of buildings, wherever their locations indicate with precision the ancient land-marks or corners, that determine accurately the boundary lines of property, and all data which can possibly assist in settling the property lines, and accruing rights of individuals.

On it, must be laid down and accurately marked, all the established levels of the curbs, at the junctions of all the principal streets, with these, the summits and depressions should be clearly designated, so that the ascent and descent should be thoroughly intelligible to every citizen.

In such a plan, we can by no means neglect an attention to the sewerage of the City—a matter that has been specially enjoined upon the Surveyor by recent enactments of the Councils. The plan must show the location of every sewer or culvert, its depth below the grade of the street, at all the points of intersection; and also the rate of fall determined by a particular, or estimated per centage.

The whole surface, and as far as possible the under-work of the City sewerage, should be here exhibited. The City has not now, nor ever has had, an intelligible view of its system, or want of system, in regard to culverts or sewerage. Upon this plan should be distinctly, clearly exhibited, the areas to

be drained by any particular sewer or culvert, in order that, along with other data, the size of the sewer may be determined, when application may be made for its construction.

The time that would be required for the completion of a survey and plan of this character, is to be determined by the amount of force placed at the disposal of the City Surveyor. What is at present engaged, is barely sufficient for the ordinary requirements of the daily business of the office. It would most probably require three years of what little leisure the present corps can obtain, to make the survey contemplated by the resolutions of Councils. With the adequate assistance, the whole matter might be completed within one year.

It is certainly desirable that this survey and plan should be matured within reasonable time, and such assistance ought to be employed immediately, as would ensure to the City a proper survey and plan within the next year. For this purpose, there would be required additional assistance in the surveying department.

As the City Surveyor has now in progress a series of examinations relative to drainage and sewerage, he refrains from any particular remarks on this subject, desiring rather that his views on this point may be laid before the Councils at large, and in such an extended form that may prove more worthy of their acceptance, than any disconnected views which might enter the present report.

Upon this map should be laid down the position of the gas and water pipes, paved streets, public buildings, lamp-posts, fire-plugs—in short, it should furnish a complete geography and topography of the City.

With these data on record, no inconvenience could arise at any time from the change of appointment in the office of the Surveyor. The official records would at all times be sufficient to guide the incumbent on all questions that might present themselves, and a deal of trouble and unnecessary examination would be saved to every one interested in the premises.

Very respectfully,

SAML. H. KNEASS,  
CITY SURVEYOR.

## APPENDIX No. LXXVI.

**An Ordinance**

To fix the regulation of ascents and descents in Drinker's alley, from Front street to a point three hundred and seventeen feet westward thereof, and to provide for the footways therein.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the regulation of ascents and descents in Drinker's alley, from Front street to a point three hundred and seventeen feet westward thereof, shall be and the same are hereby fixed and established according to a plan hereto annexed, and made part of this Ordinance, dated the 12th day of March, 1851, and made by Samuel H. Kneass, Principal City Regulator and Surveyor. And the footways on the north side of Drinker's alley in the whole extent thereof, shall be two feet in width, and on south side thereof one foot and one half in width, any existing Ordinance or regulation to the contrary notwithstanding.

## APPENDIX No. LXXVII.

The Committee to whom was referred the memorial requesting that an appropriation may be made to aid the military associations in their arrangements for the celebration of the Fourth of July, respectfully

## REPORT,

That under ordinary circumstances, they would have felt disposed to abstain from any expenditure not absolutely required by the necessary routine of municipal government. But they conceive that the present condition of the affairs of

our country, warrants them in taking a different course. The Fourth of July is the great national day of these United States. It is the day of that great act which introduced them into the family of nations, as an independent power, and laid the foundation of this hitherto glorious, and most admirable Republic. It is a day, therefore, always to be cherished, and always to be noted as a national holiday. At this moment, when, in the extreme sections of our common country, there seem to be many active intellects employed in the unholy effort to shatter this magnificent Union into insignificant fragments, there is, in the opinion of your Committee, a propriety in giving more than a mere historical observance to the day of its birth; and in thus endeavoring to renew, by a general recurrence to the era of '76, the passionate love which it was once the pride of every American, of every section and corner of our country to cherish for the *Union*, it may be, that the universal direction of the public mind on that day, to the event which has given it celebrity, and to the wonderful results of that event, may exercise a sobering influence where ambition has misled, and may renew devoted love, where the long possession of a blessing has created an indifference to its value.

The Committee, therefore recommend the adoption of the annexed resolution, which places at their control the sum of \$1500, to be used at their discretion for military, or other purposes, as to them may seem best, in contributing to the general observance of the approaching National Festival.

*Resolved*, That the Joint Special Committee appointed May 22, be instructed to take measures for aiding in the celebration of the Fourth of July, and for that purpose they are hereby authorized to expend an amount not exceeding in the whole, the sum of \$1500.

Respectfully submitted,

OFFICE OF THE PHILAD. GAS WORKS, }  
 June 18th, 1851.

*To the Common Council:*

GENTLEMEN:

I have been directed by the Trustees of the Philadelphia Gas Works, to inform you that they have purchased two tracts of land, situated in Passyunk Township, Philadelphia County, as a site for the new works.

One of the tracts contains  $42\frac{3}{10}$ th acres, is subject to a Ground Rent of \$48 per annum, and purchased from Miss Margaret Cronssilat, for the sum of Twenty thousand dollars.

The other of said tracts contains  $26\frac{6}{10}$ th acres, and purchased from Mr. Thomas F. Lea and others, for the sum of Ten thousand six hundred and sixty-six dollars sixty-seven cents.

I send herewith a draught of the properties, the titles to which have been examined and approved by the City Solicitor, and respectfully ask the approval of the purchases by Councils.

Your obedient servant,

F. FRALEY,

*President.*

APPENDIX No. LXXXII.

*To the Select and Common Councils:*

The Joint Special Committee, appointed May 22, for the purpose of dividing the several wards of the City into Election Precincts, in accordance with the act of the Legislature, approved the 28th day of April, 1851,

Report that they have attended to the duty confided to them, and have divided the city into 62 Precincts, apportioned as follows:—

NORTH MULBERRY WARD,	.	.	.	6	Precincts.
SOUTH MULBERRY WARD,	.	.	.	5	"
SOUTH WARD,	.	.	.	3	"
LOCUST WARD,	.	.	.	5	"
NORTH WARD,	.	.	.	6	"

CHESTNUT WARD,	.	.	.	2	"
HIGH STREET WARD,	.	.	.	2	"
					—
					62 Precincts.

Your Committee endeavored so to divide the wards that no Precinct should have in it over 400 taxable inhabitants; they have been enabled to do so, with the exception of five that slightly exceed that number, which could not be avoided except by such a division of blocks as would have caused much confusion and trouble.

The Committee annex two resolutions defining the bound-

aries of the precincts, and the houses at which the elections shall be held.

Which they recommend Councils to pass.

Respectfully submitted,

D. B. HINMAN,  
J. B. LANCASTER,

### APPENDIX No. LXXXIII.

*To the Select and Common Councils:*

The Committee on Public Highways to whom was referred by Councils a Petition, asking that Schuylkill 2d St., from Walnut to Locust Street may be paved; Also one from the owners of property on Filbert Street, asking that a culvert may be constructed in Filbert Street, from Schuylkill Front Street to the river Schuylkill,

### REPORT,

That, as the work already projected will require all of the appropriation at their disposal, they deem it inexpedient to take any action on the same at this time.

The Committee also report a resolution directing the City Commissioners to notify the owners of certain private courts and alleys, to repave the same, which they recommend Councils to pass.

Respectfully submitted,

JOHN YARROW,  
ROBERT HUTCHINSON,  
THOMAS ROBINS,  
SAMUEL COPELAND,  
FREDK. LENNIG.  
W. WATT.

Philad., *June 19th*, 1851.

*Resolved*, That the City Commissioners be directed to notify the owners of ground bordering thereon, to pave and

curb the private court running east from Schuylkill 3d St., between Barker and High Streets.

And to repave the entrance to private court running south from Cherry, first west of Ninth Street.

To repave a fourteen-feet wide alley or court, running south from Cherry St., between Delaware 6th and 7th St., and to pave the thirty-feet wide court at the rear of the same, running east, and ten-feet wide court running west, known as Bryan's Court.

To repave Crockett's Court, running west from Delaware 5th, north of Chestnut Street.

To repave Littleboys or Mickle's Court, running south from Mulberry St., first east of Delaware 3d Street.

**An Ordinance**

Making an Appropriation to certain Fire Companies.

SEC. 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the sum of Fifteen Hundred Dollars be, and the same is hereby appropriated to the Committee on Legacies and Trusts, and by them to be paid in equal amounts of \$300 to the following Fire Companies, viz: Vigilant Engine Co., Assistance Engine Co., America Hose Co., Columbia Hose Co., Hope Hose Co.

APPENDIX No. LXXXVII.

*To the Select and Common Councils :*

The Joint Special Committee appointed May 22d, for the purpose of dividing the Wards of the City into election precincts, to whom was referred back their report made June 19th, for the purpose of being printed.

Report that they have caused the same to be printed and laid on the desks of the members. They have also prepared a statement of certain changes in four of the wards, which if adopted will obviate the necessity of including over 400 taxable inhabitants in any one precinct. These changes contemplate increasing the number of precincts to 64 in all, being an addition of one in Cedar, and one in North Mulberry Ward.

Which they submit for the consideration of Councils.

**A Supplement**

To An Ordinance passed the 20th day of February, 1851, entitled "An Ordinance to authorize a subscription on the part of the City to the Capital Stock of the Pennsylvania Railroad Company, and to provide for the payment of the instalments thereon."

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled :* That the Mayor be and he is hereby authorized and required to subscribe forthwith, in the name and behalf of the Mayor, Aldermen, and Citizens of Philadelphia, for ten thousand shares in the Capital Stock of the Pennsylvania Railroad Company, which subscription shall form part of that authorized by the Ordinance to which this is a Supplement.

SECTION 2. *And be it further ordained and enacted by the authority aforesaid,* That the City Treasurer be, and he is hereby authorized and directed, whenever required by the Committee on Finance, to issue to the Pennsylvania Railroad Company certificates of City loan of an amount sufficient to pay the instalments on the subscription hereby directed to be made: the said certificates to bear an interest of six per centum per annum, payable half-yearly on the first days of January and July, to be in the usual form of certificates of City loan, and of such sums as the said Company may require, not, however, for any fractional part of one hundred dollars; and the said loan shall be redeemable one-half thereof on the first day of July, 1886, and the other half thereof on the first day of July, 1887, and not before, without the consent of the holders of said certificates; and the said certificates shall be transferable in like manner with other certificates of city debt.

SECTION 3. *And be it further ordained and enacted by the authority aforesaid,* That there shall be appropriated quarterly to the Sinking Fund out of the income of the real and corporate estate of the city and water rents, the sum of one-fourth of one per cent. on the par value of the loans created and issued by virtue of this Ordinance, in the manner and at the times mentioned in the third section of the Ordinance to which this is a Supplement.

## APPENDIX No. LXXXIX.

*To the Select and Common Councils:—*

The Committee on Legacies and Trusts,

In compliance with the Ordinance of January 19, 1843, supplementary to the Ordinance of May 21, 1840, made their annual visit on the 9th and 10th ultimo, to the Fire Engine, and Hose Companies of the City, for the purpose of inspecting their apparatus, and inquiring into their condition and efficiency for public service, and

### REPORT,

That they have pleasure in stating that the general condition of the Companies is such as merits commendation, and

enables them to render in cases of need, such effectual service as cannot but be highly appreciated by their fellow-citizens. Councils are referred to the accompanying statement. Annexed is a resolution, which the Committee recommend should be passed.

## APPENDIX No. XC.

The Committee of Visitation to the Girard College, for the months of May and June, respectfully

## REPORT,

That they have complied with the object of their appointment by visiting the College, as required of them, in each month, not only collectively; but individually, and upon every occasion they have been much gratified by the opportunity afforded for observing and becoming acquainted with the organization, and practical operation of the system adopted by the Board of Directors of the Institution.

Your Committee congratulate Councils and their constituents upon the excellent selection made by the Board, of the officers, teachers, &c., of the College, from the President to the most humble official employed.

Under the charge of the President and his able assistants, the inmates of this great Foster-Home appeared to your Committee fully to appreciate and exemplify the truth of the oft-repeated maxim, "Order is Heaven's first law."

To the assiduous attention of the President and the Secretary of the Board of Directors, Mr. H. W. Arey, your Committee are especially indebted for much valuable information in relation to the details of the system adopted by the Board of Directors to carry out the bequest of Mr. Girard; and are of opinion, that if not only Councils, but our fellow-citizens generally, would seek information from those gentlemen in relation to the Institution, complaints in reference to the management thereof would cease to be made, but frequent commendation would be bestowed upon those deserving of the same.

In conclusion, your Committee would respectfully urge upon Councils, in their individual capacity and as members of Committees, the importance of frequent visits to the College, believing the same to be productive of good results, and agreeable to those who have the immediate charge and direction of the Institution.

#### The Committee on Public Highways

#### REPORT,

That they have had under consideration, the petition asking that the name of Bryant's Court may be changed to Harrison Court, also a remonstrance from owners of property in said court against said change, and deem it inexpedient to recommend any action by Council in the same.

Your committee have also had before them, a petition of citizens residing in the vicinity of Walnut and Schuylkill Eighth street, asking relief from extreme inconvenience during wet weather, and in the winter season, from the want of a culvert with inlets at the intersection of said streets; the committee fully concur with the petitioners in the necessity for the same, but as the funds appropriated for culverts

during the present year are nearly exhausted, they therefore recommend the construction of a culvert in Schuylkill Eighth street, from Locust to George street, during the ensuing season.

The committee also report, that Second street from High to Chestnut street, has been paved with cubical blocks of stone as ordered by Councils, and they take great pleasure in saying, that the stone furnished by the contractor, and the manner in which the same has been put down by the City Commissioner has been highly satisfactory, the square selected having been one of extra length, the expense of the same, has exceeded the amount appropriated, \$1034,58; the square contains 1467 square yards, and has cost about \$2 75 per yard, an amount less than any heretofore laid in this city. Annexed is a resolution asking a transfer of appropriation to meet the deficiency, which they recommend should be passed.

Respectfully submitted,

*To the Select and Common Councils of the City of Philadelphia:*

The Committee on Finance Report that on the 22d day of May last, a Resolution was passed by Councils authorizing the making of a plan of the city, and as the work is progressing, it is necessary that an appropriation should be made to defray the expenses.

The Committee present the accompanying Ordinance and ask its passage.

## An Ordinance

To make an appropriation to the Committee on Finance.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled:* That the sum of Two thousand dollars be, and the same is hereby appropriated to the Committee on Finance, for the purpose of defraying the expenses of making a plan of the City, as directed by a resolution of Councils, passed the 22d day of May, 1851.

## APPENDIX No. C.

*To the Select and Common Councils:*

The Committee on Police respectfully Report:

That the incidental expenses incurred on behalf of the city portion of the Marshal's Police, viz: for fitting up, rent, fuel, gas, cleansing, petty bills, &c., of a station house in the North-west District—the South-west District—the South-east District—and for the North-east District at the Marshal's head quarters in Adelphi street—from the 21st of January, to the 7th of August, 1851; amount to the sum of one thousand three hundred and forty-three dollars and forty-five cents. At sundry times bills to this amount have been paid by your Committee, out of the items "miscellaneous" in their "estimate" of the expenses for the present year—for which purpose one thousand dollars therein was intended.

Experience, however, in this *then* novel department of police service, has ascertained the amount to have been inadequate, having fallen short the sum of three hundred and forty-three dollars and forty-five cents, owing to the necessity of procuring, fitting up, and rent of district and separate station-houses for the Marshal's Police. At the first it was supposed that this body of men could be sufficiently accommodated at the station-houses of our City Police; but, upon trial the experiment proved so extremely inconvenient and injurious to both branches of the service, that it was speedily abandoned, and hence the cause of the increased expense. Therefore, to cover the deficiency as above stated, and also to meet further liabilities, such as house rent, gas, fuel, &c., in this service, your Committee herewith submit the annexed draft of an Ordinance appropriating a sum of money, which it is believed will be sufficient to defray said expenses, until the close of the year.

The Committee on Public Highways, report,

A bill providing for the construction of stone steps and platforms in the centre alleys leading from Front to Water street, between High and Sassafras streets, in the manner described in the will of Stephen Girard.

Also one to alter the grade of Spruce street, from Willow street to the Schuylkill river.

Also, a resolution directing a portion of Ashland street, formerly Townsend's court, to be graded and paved, the same having been recently opened by the Court, and made a public highway, and to repave Spruce street, from Willow street to the Schuylkill river.

Your Committee, after full consideration, have deemed it advisable to ask authority at this time, to contract for sufficient cubical blocks of stone for paving two squares during the ensuing year, and annex a resolution to that effect, by giving the contractor the opportunity of preparing the stone during the winter season, it is believed that the work can be done at less cost, and the stone be delivered ready to be laid at such time during the summer as will least interfere with the business of the residents of such streets as may be designated for laying the same.

All of which is respectfully submitted.

## An Ordinance

To provide for the construction of stone steps and platforms in the centre alleys between High and Sassafras streets, and to make an appropriation therefor, out of the Delaware Avenue fund.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled:* That the City Commissioners be authorized and required, under the direction of the Committee on Public Highways, to construct stone steps and platforms in the centre alleys, between High and Sassafras streets, in the manner described in the will of Stephen Girard.

SECTION 2. *And be it further ordained and enacted by the authority aforesaid,* That the sum of one thousand dollars out of the income of the fund appropriated under the twenty-second item of the will of Stephen Girard, for the improvement of the eastern front of the City and Delaware Avenue, be appropriated to the expense of carrying into effect this Ordinance; to be paid in the same manner that appropriations for Delaware Avenue are directed to be paid, in the several Ordinances relating thereto.

## An Ordinance

To alter and establish the regulation of Spruce street, from Willow street to the river Schuylkill.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled:* That the regulation of ascents and descents in Spruce street, from Willow street to the river Schuylkill, shall be and the same is hereby fixed and established according to a plan of the same made by Samuel H. Kneass, principal City Surveyor and Regulator, dated the twenty-fifth day of September, A. D. eighteen hundred and fifty-one.

*Resolved,* That the City Commissioners under the direction of the Committee on Public Highways, be directed to grade and pave Ashland street, from the present pavement north of Union street to Spruce street, and to repave Spruce street from Willow street to the Schuylkill river.

*Resolved,* That the City Commissioners, under the direction of the Committee on Public Highways, be authorized to contract for sufficient cubical blocks of stone to repave two squares during the ensuing year.

*To the Select and Common Councils :*

The Joint Special Committee appointed May 22d, relative to the celebration of the 4th of July, and who by a resolution of Councils passed June 5th, were instructed to take measures for aiding in the celebration, and for that purpose were authorized to expend an amount not exceeding \$1500,

REPORT :

That in pursuance of the duty imposed upon them, their first efforts were directed to procure the co-operation of the several districts composing the county, with a view to a union celebration suited to the occasion ; invitations were extended to the several corporations to appoint delegates to act with your committee.

The Districts of Spring Garden, Northern Liberties, Southwark, and Kensington, responded, and were represented at a subsequent meeting, at which a sub-committee consisting of one from each district represented, was appointed to fix the amount to be paid by the several districts into the general fund, so as to enable the joint committee to make their arrangements.

The amount assessed was as follows :

The City,	.	.	.	.	.	\$1500
District of Southwark,	.	.	.	.	.	300
“ “ N. Liberties,	.	.	.	.	.	300
“ “ Spring Garden,	.	.	.	.	.	300
“ “ Kensington,	.	.	.	.	.	300
Moyamensing, Richmond, Penn, and West Phila- delphia, each \$100	.	.	.	.	.	400

This action was communicated to the same bodies, and acceded to by the Districts of Northern Liberties and Spring Garden only, who promptly paid over to the treasurer appointed, their amounts, making with that of the city, the sum of \$2100, at the disposal of the Joint Committee of the three bodies named, who proceeded to carry out the views of the bodies they represented by aiding the military, and other displays appropriate to the occasion.

The amount expended by the Joint Committee amounted to \$1400, leaving a balance of \$700, which has been disposed of as follows :—

Returned to the Committee for N. Liberties,	.	.	\$100
“ “ “ Spring Garden,	.	.	100
“ “ City Treasurer.	.	.	500

Annexed is a resolution relative to the balance returned to the City Treasurer.

The September Committee of Visitation of Girard College,  
Respectfully Report,

That in the performance of their duty, no matter requiring to be specially reported, has come to their knowledge.

The usual order and care in the several departments of the College was apparent. There remained but little ill-health among the Orphans. The number of pupils was reported to be 299; within one of the full complement, which the institution is now prepared to receive. The supplies of water and gas were said to be sufficient.

*To the Select and Common Councils :*

The Committee on Public Highways report,

That they have had referred to them by Councils, the applications of Mr. John R. Rowand, and Messrs. J. Dickinson & Co., who set forth that certain goods in their premises in South Second street, were injured, in consequence of negligence in the agents of the city, while paving Second street from Chestnut to High street, in August last, and ask Councils to remunerate them therefor.

The committee have had an examination made into the facts connected with the injury done to the property of the petitioners, and have ascertained, that the officers of the city were not engaged at the business of paving the said street when the damage sustained was done, but that the setters of the curbstone, were at work upon the street; and if any neglect was the cause of the injury, it was the neglect of these persons, who were employed by the owners of the property on the street, and were their agents, engaged about their business, and over whom the city officers had no control, and with whom they had no connection. The committee, therefore conclude, that the city is not liable to the petitioners in the premises.

## **A Supplement**

To An Ordinance passed the 24th day of April, 1851, entitled "An Ordinance to authorize a loan to pay for the expense of completing the bridge over the river Schuylkill at High street, and to make an appropriation to the Committee on City Property.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled:* That for the purpose of defraying the expense of completing the bridge over the river Schuylkill at High street, the Mayor is hereby authorized, under the direction of the Committee on Finance, to borrow, on the credit of the City Corporation, at any interest not exceeding six per centum per annum, payable half-yearly, on the first days of January and July, the sum of six thousand five hundred dollars, for which certificates shall be issued in the usual form, in such sums as may be convenient to the lenders: *Provided*, That no certificate shall contain any fractional part of one hundred dollars: the said loan to be redeemable on the first day of January, A. D. eighteen hundred and eighty-one, unless with the consent of the holders of said certificates: and said certificates shall be transferable in like manner with other certificates of City debt.

SECTION 2. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled:* That the sum of one-half of one per centum on the par value

of the loan created and issued by virtue thereof, shall be appropriated quarterly to the sinking fund out of the income of the real and corporate estate of the city and water rents.

SECTION 3. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled:* That the sum so borrowed as aforesaid be, and the same is hereby appropriated to the Committee on City Property, for the purpose mentioned in the first section thereof.

### SAMUEL SCOTTIN'S LEGACY.

This legacy, for the purchase of bread for the poor of the City and Southwark, to be distributed annually on the 23d of February, the birth-day of Mr. Scottin, unless the same shall fall on Sunday, consists of "an irredeemable ground rent of \$12 per annum."

### PAUL BECK, JR. LEGACY.

For the use of Soup Societies of the City, was beneficially distributed during the last winter. It consists of "a ground rent of \$500 per annum."

### THE BOUDINOT LANDS.

Since the report made to Councils by the committee, there have been offers made for the purchase of the lands; one offer of 60 cents per acre.

The committee deemed it inexpedient to report in favor of accepting the proposal to purchase, as it appeared highly pro-

bable that the lands would still further advance in value ; and besides, so long a time has elapsed since the committee visited the lands, they are ignorant as to the extent they may have improved in value.

The information on this point would be very desirable, and the committee trusts that Councils will authorize them to visit lands, and thus enable them to report, advisedly, upon accepting the offer that has been made, or to still retain them.
